DIVINE DIRECTION

OF TIRUMALA SRI VENKATESWARA

DIVINE DIRECTION OF TIRUMALA SRI VENKATESWARA

Tirumala Sri Venkateswara is my Lord and I am his humble servant. He is the subject, object and verb of my every action. Fortunately, He selected me as his instrument and made me a blessed one by providing me with thousands of Divine Experiences and Divine Acts.

It is very difficult to understand the Divine Acts. I swear on his name and say that I am writing all these as I understood them without any imagination. One can understand the anguish of devotee about God. Every Divine Act is supported by anguish of Lord Sri Venkateswara only. I am so blessed that He made me helpless without seeing His Acts (Leelaas) continuously for 10 days from the year 2000 till date.

Every information being given by me is just Truth and what I experienced personally only. I have more than 500 experiences provided by Lord all are available in black and white. Anybody may come at anytime and witness them. As a matter of fact, I experienced thousands of divine experiences but only recorded 500 experiences. I, in this chapter, narrating the Resolutions or Determinations of Lord and services provided to me and the essence of all 23 years in brief.

Aim of Lord Sri Venkateswara

Tirumala Sri Venkateswara is really Srimannarayana only who left Vaikunth and appeared on Tirumala Hills for upliftment of subjects (people) of Kaliyug. He likes his devotees. He exhibits his Leelas (divine activities) with an aim to uplift the devotees. Though 'He' only performs all activities. He just enjoys by making his devotees to do them, and gives the credit of success to them only.

Lord Srimannarayana in order to get his devotees benefitted appeared in various places of our India and blessed them. He though appeared either on his own or by installation wishes to give that 'credit' to some devotees. For this, He made them to have strong desire to have him and after acquiring eligibility or qualification through meditation of Penance etc, etc., He appears before him as his beloved God, 'He' as desired by that devotee, makes that Kshetra (Place) as his permanent abode. For instance, Lord Srimannarayana, after appreciating the penance of Bhadra, appeared in the form of "Shri Rama", which he adored, fixed up his part (Amsha) there. Another devotees by name 'Yadagiri' with his great penance, satisfied the Almighty God and caused for the appearance of "Lakshminarasimha", his beloved God. Infact, the desire in these two great devotees to get their respective beloved Gods is caused by God only but by choosing them as his mediators, he fulfilled his desire. Similarly, oflate, Lord Sri Venkateswara, who is none other than Srimannarayana, selected me as his instrument, causing to happen the desire of attaining him in my mind and blessed me with services to God and God minded people, provided practice (sadhana) also. Besides, 'He' used to supervise me time to time, rectifying my mistakes, making me to proceed in a proper and correct path. Finally, as a part of the effort to reach my goal, God gave me the essence of thousands of experiences only in this form.

The only one way to be surmounted or to earn salvation in this Kaliyug is chanting of Name the Lord Hari. Especially Lord Venkateswara's

name, who is the Leader of Kaliyug, helps us to become more pious and pure. Therefore, near our Gardenwell in the village Chinna Gundavalli, 'He' ordered me to construct 'Harinaama Kshetra' as a replica of Tirumala Temple with two encircling walls at least. Also 'He' said, "He himself visit this Harinama Kshetra from Tirumala as a part and stay here permanently". He assured me that this place becomes a temple of Practice (Sadhanaalayam). He also blessed me with a belief that He attracts devotees and blesses them as per their eligibility and also fittingly.

It is my duty to construct the Replica of Tirumala Temple (same to same in every aspect) in 7 acres land atleast, near our Gardenwell in Chinagundavelli followed by Boarding and Lodging facilities, with immense and constant chanting of 'HARINAM' of Lord.

It may appear as a small thing to outsiders, because many devotees so far constructed many temples of Lord Sri Venkateswara so far. It may be sufficient to arrange just continuous chanting if 'Harinam' (Nama Jap) there; but the decision of Lord is totally different in this regard. He thinks that this place should become most imbued with Glory alike Tirupathi a great holy place. He also wishes to bless the devotees as he is blessing in Tirumala. Moreover, as he is coming to this place from Tirumala, he wished that everything should be as glorious, as pious and as wonderful as in Tirumala. In other words, the specimen of temple, the procedure of adoration (sevaas etc) should be just like Tirumala. This is His decision. To achieve this only, He selected me as his instrument and

started imparting training since 2000 as required to achieve his great aim.

In the days gone by, Bhadra and Yadagiri, both Sages, meditated all alone and got blessed by God. But... is it possible to get qualified to a very ordinary person like me in this Kaliyug when I am living among all types of persons? As such, can we have a real darshan of Lord Sri Venkatesha? To all this type of questions there is only one answer. If it is my strong desire to get Lord, then it is not possible, but there will be no doubt if that decision is of Lord Sri Venkateswara himself. In other words, nothing is impossible if "He" decides. There are evidences to say that in olden days, both Hathi Ram Baavaji and Tarigonda Vengamamba had witnessed and got blessed directly. Ofcourse, there are many other devotees who experienced the divinity of Lord but a true devotee never speaks it out. Never He publicizes it. It is a fact that only when Lord Sri Venkateswara decides, then Devotees gets introduced to the outside world.

Though, Sri Venkateswara Swamy started exhibiting his Direct Divine Acts (Leelaas) since 2000, I am blessed with Birth, features, behavior, tastes etc., as decided by him keeping in view of Goal, to be achieved by utilizing me by all means in this life from my birth itself. I understood that each one of these qualities is essential to achieve this goal. To achieve this only, my Lord Venkatesa blessed me to take birth in Chinna Gundavelli and reside in Hyderabad with all comforts and making me to serve Hari.

With the virtue (punyam) what I gained, He directed me to make better use of it and with his Mercy, to serve the people of that locality.

In the beginning, when my family was in pitiable condition financially, I came to Hyderabad to study Engineering, to do business to earn Money, and take care of my family alone; but He guided

me to understand that Money, no doubt is important but that is not our life. To live happily one need not crave for money. To anyone, the mercy of God is very important and you should distribute your wealth to all along with your Locality members. Though I am enjoying his Divine Actions since 2000, 'He' made me to know his decision from April 2022 only.

Bhagiratha played a vital role in getting Ganga to earth from Heaven long long back. Ofcourse, He achieved this not just because of only his efforts. He was successful when his ancestors blessed him and their power of penance got added to his sincere efforts. Though I am a main instrument and playing key role in bringing Lord Venkatesa of Tirumala to Harinamakshetra of Chinagundavelli, but there are unselfish co-operations and sincere efforts of my parents, family members, villagers and local people also behind this as informed by Lord Venkateswara. He assured me also that all the devotees play their respective roles time to time to make your efforts successful since it is for the benefit of one and all.

About Me

I am Pullagurla Sai Reddy. I born on 05.07.1960 i.e. First (Toli) Ekaddashi. My father is Late P. Venkata Reddy and mother is Mrs. Rukkamma. I have only one sister, Lalitha. We are only two to our parents. My native place is Chinnagundavelli village, 7 km away from Siddhipet. Our family depends totally on Agriculture. I came to Hyderabad in 1981 to study Civil Engineering in College of Engineering Osmania University. I was conferred degree in Civil Engineering in 1985, and I studied Structural Engineering as a part time student and got M.Tech. Master Degree. I got wedlocked to Surekha Reddy, daughter of Mr. Cherukupalli Narayana Reddy and Smt. Sakuntala Devi, Residents of Hyderabad who studied M.Sc., Chem-

istry in 1990. I am blessed with two sons namely, Vedanth and Aravind Reddy. I lost my father in 1990 and mother in 2008.

I, having no interest in doing job after education, I become as builder in construction field in 1990 and doing business in Hyderabad. I on account of divine act of Sri Venkateswara, minimized my business half. I was permitted to do business from 2002 to 2014 just for maintenance of family. I am getting on insufficient rents every month. Lord only is taking care of my total financial burden. He blesses only required resources. I am residing in a house situated in Kakatiyanagar, Habshiguda, Hyderabad, since the year 2005 given by God. I am running my office just ½ km away from my residence, street no. 1, Habsiguda. Both my sons i.e. Both of my Vedanth and Aravind Reddy along with their wives i.e. Pooja and Pranitha are in USA at present. This is the details of my family.

Lord Venkatesa after accepting me as his servant, He imparted training of a Soldier. He made me alike 'one man army' and ordered to aim at my goal. As time fleets, for every 4-5 years, when ever new and sophisticated weepens get discovered with new technology, the soldiers will be imparted training and they will be made experts in using them in war. Similarly, to me also 'He' provided 6 types of services training from the year 2000 to 2023 in order to organize seva efficiently. Now He is imparting training to me to arrange Harinama kshetra at chinnagundavelli after inviting Lord Sri Venkateswara.

By the grace of Sri Venkateswara, I preformed 06 types of sevas (services) successfully and now I hope that in the seventh, also I will be successful. Publishing these divine experiences is just a part in it. To be frank, there may be my 'punyam' (result of doing Good & Sacred acts) in my previous birth but my ability or capacity is not all there in becoming successful in the services of this Bhagawan. I am an ordinary person. The credit of my

enthusiasm is same even in this year 2023 what I possessed in 2002 when I commenced the services of Lord Venkatesa. This credit goes to His 'POWER' only.

I was very much anxious to witness divine acts of God every day. Then He provided me the same but I could not live without viewing the Leelas of (Acts) Swami. This is also done by him. I am not aware that It was my fortune or misfortune, after experiencing his Leelas I was under the influence of the same for one week or 10 days and used to forget them later. I was also crazy for another new Leela. This situation is going on since 23 years.

Lord Sri Venkateswara started to bless me with

his direct divine wonderful acts since the year 2000. I was interested in my business where as my wife interested in my family matters. Then, God while solving the problems, what we used to face in our likings, became very closer to us. Especially, myself used to get thrilled and enjoy whenever I chant his name. I came to that state that like breathing, chanting his name also is very much essential to live on this earth. Whomever I see, he used to appear as staunch devotee of Lord with 'Vaisnava mark' on his face. Finally 'He' made me to realize that 'He' is omnipotent of Omni present absorbing the form and powers of all Gods in him and we get that virtue (PUNYAM) by chanting His name we get the same Punyam what we get by chanting the names of all Gods. I always used feel mentally that I am viewing and chanting the name of that main Divine statue, existing in maintain of Tirumala. Only that form gave me power and knowledge what I required. 'He' started imparting training to me from the situation that God cannot understand the feelings or pains of a person unless He express them directly to him.

I have no Guru other than Lord Sri Venkateswara till now. Though I tried, I couldnot get SAMASRAYANAM [Samasrayanam: it is also called as "Chakrankitam". A qualified and most eligible Acha-

rya or Jeeyar after putting marks of sankha (conch) (Disc) images with less heated Sankha & Chakra on both shoulders of a disciple and preaches Mantra (Ashtakshari) to him] from any Acharya; but I am so fortunate that Sri Sri Sri Ramachandra Ramanuja Jeeyar Swami named me as GOVINDA DASS at Tirupathi in 2003 and Sri Sri Sri Vrath Dhar Jeeyar Swami named me as GOVINDA Ramanuja Dass in 2004 at Hyderabad.

Though there are different forms of God in Tirumala Temple, only the forms of Sri Venkatesa only are being worshiped or adored since He is not different or separate from them. If Lord Venkatesa is worshipped, all are worshipped. Swami blessed me with this great knowledge. I always used to look at 'his' Lotus feet and used to chant his name. Only it was my Mahamantra and Power, Base and Inspiration to me.

To me only the charama (final) Mantra is powerful. I used to trust only it and Sri Venkateswara is only the root to all. He himself informed me directly in 2005 that 'He' is only Sri-mannarayana; but there was no change in my view. I treated him as my Master and main source of this creation and also most powerful God. Therefore never I satisfied with my small services to Lord. I wanted to serve him till I become weak & tired physically and mentally and also financially.

My desire to serve Lord was also appearing eagerly in every hair on my body. Since the Lord is only the

root cause of every service (seva) I do service as his representative and servant. So, I never expected any Award or Reward. When it was not possible, I used to accept only his 'sesha vastra'. (the cloth already used for him) Never I demanded for "salvation". Even I take birth, what I used to beg him again and again was to bless me with his service in every life what I got in this birth.

The enjoyment what I used to get by chanting his name since 2000, provided me with two types of perception. In spite of seeing outside world and talk to outsiders, always looking at him in my inner world and used to continue chanting his name. In continuation of my Prayer to solve a problem that cropped up in my property issue, one day I became emotional and expressed my total surrendering to him. In addition to dedicating everything belongs to me, I also offered my total property and even my whole family to him. I lost my total identity or personality. I, saying that I belong to you, whatever I possess, belongs to you only, begged him very pitifully to make better use of my humble services to this world. Since then, I used to live with a feeling that I am just his servant. As such, new relation in between us also started. According to it, whatever thought I get it should belong to my God and I have to act accordingly. It is not the question to decide whether it is good or bad. Not at all necessary also.

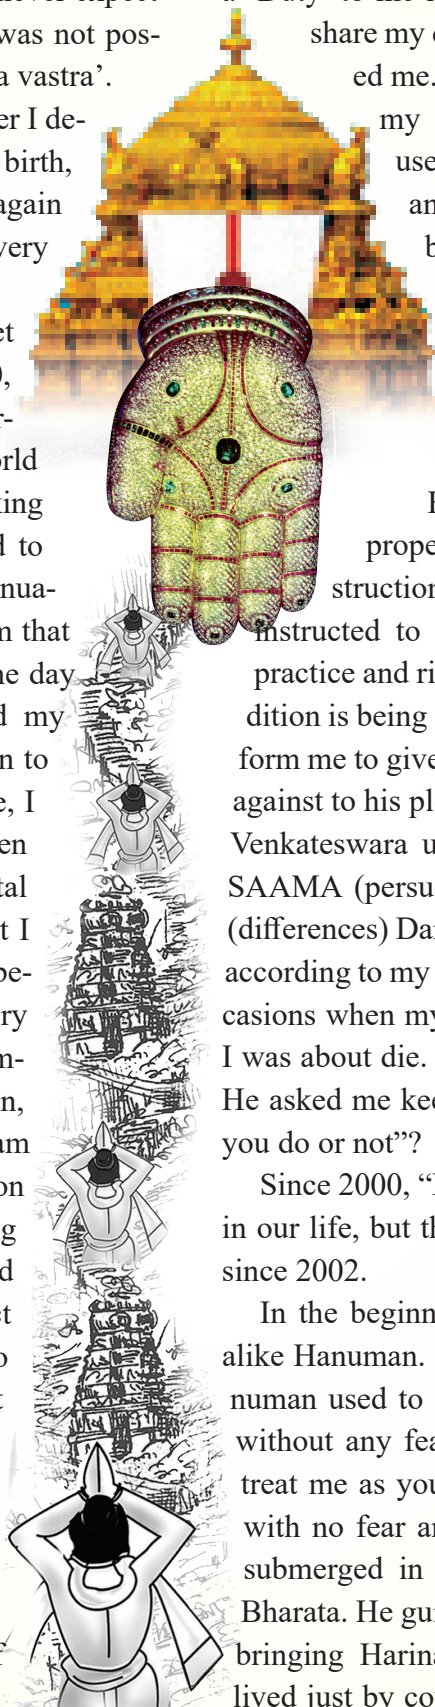

I am his servant. So it is my duty to follow his order or instruction. Only this idea changed my entire life and became a beginning for arrangement of variety of services of Lord.

Afterwards, Tirumala Sri Venkateswara fixed a 'Duty' to me i.e., to make his devotees also to share my divine experiences what he blessed me. The more I make others to share my divine experience the more he used feel glad. I have chosen it as an evidence of my ability. In the beginning i.e. from 2000 to 2002, my relation with Lord was a very close relation. He used to answer to my every question. I understood that he was taking me for a special task till 2005.

He up to 2008, robbed my entire property, ordered me to follow his instructions. Accordingly I am doing as he instructed to qualify myself, to improve my practice and rise my spirituality. The same condition is being continued till date. He used to inform me to give up any bad intention or any idea against to his pleasure if appears in my mind. Sri Venkateswara used all the four procedures i.e. SAAMA (persuasion) DAANA (charity) Bheda (differences) Danda (Punishment) as per situation according to my mental condition. There were occasions when my condition was very serious and I was about die. Even there were situations when He asked me keeping a sword on my neck, "will you do or not"?

Since 2000, "HIS" direct divine actions started in our life, but the fortune of serving him started since 2002.

In the beginning 'He' order me to serve him alike Hanuman. He categorically said that as Hanuman used to attend any hard and tough work without any fear with enthusiasm, you have to treat me as your Master (swami) and serve me with no fear and hesitation. After 'Swami' got submerged in me, I was asked to follow Sri Bharata. He guided me to struggle and suffer for bringing Harinaamakshetra alike Bharata who lived just by counting days for the arrival of Sri

Rama with total devotion and enthusiasm.

Code of conduct decided by Lord Sri Venkateswara

‘Swami’ (Lord Venkateswara) formulated code of conduct to our life as under: ‘we have to lead a simple life and should never behave in such a way that neither you should feel or make others also to feel that you are great. Our customs and habits should be very simple. We both (myself and my wife) should not wear diamond ornaments etc., we should not waste our time in chitchatting or useless talks. We shouldn’t have any attachment towards comforts and earthly pleasures. We have to wipe out our Ego i.e., I, me, my and Mine. We should have contentment with what we earned and possessed and spend our time in meditation of Swami only all the time. Though we live in Society, we have to live like a lotus in the mud, all we have to look at and think only God.

I am being used by Lord as his instrument. It appeared that his aim is to make me construct Harinama kshetra and reach to that stage which enables me to attain God. He one way blessed me with his rare mercy and on the other hand, he made me to suffer a lot in the same manner. In every divine act, either pain or pleasure he gave me. As a piece of iron needs strikes many a time for getting a good shape, similarly He, many a time made me a victim of many hardships. Even in this situation also, he used to assure me his support and not to get scared, but because of powerful negative situations I felt that I have no trust on him. Never he showed pity though I struggled a lot; ‘He’ used to exempt me or excuse me only when he feels that there is a change what he expected a change from gross root level. It was his intention to make me to give up any kind of attachment and change my mind. For this, he used choose the fields which I like more, i.e. Business, properties, Health etc., and create problems in it so that I sever my at-

tachments or connections with earthly things and pleasures.

I and my wife got some thousands of divine feelings so for in our day to day life. 90% of such feelings were experienced by me soulfully, but my wife experienced only 10%. Lord Venkateswara strictly ordered my wife just to accompany me. Her duty was only to assist me, co-operate me and follow me in every divine service that’s all; But just to rise enthusiasm and interest, he used show some ‘feelings’ in her thoughts and deeds.

DIVINE FEELINGS OF ‘LORD’

There are four kinds of Divine Feelings especially. The first one is in the form of dreams: These are not so clearly visible. You cannot understand them unless you analyze them, discuss with elders and get them understood by using reasoning power. It is like a Litmus test.

The second one is in the form of feelings from the bottom of heart:

Some times, ‘He’ used to express feelings pertaining to particular subject from my inner heart. It is crystal clear. It is not essential to use reasoning power to understand them.

The third one is ‘words of Invisible voice’:

Sometime I used to hear the words along with picture in the dreams only. Some I used hear at the time of my YOGA / Praanaayam Practice.

The fourth one which is totally different from others:

Inspite of my presence of mind, i.e. in consciousness only, my mind witnesses a picture. It used to give me feeling that I was viewing it directly with my eyes. To my surprise, it was only visible to me but not to those who were sitting just by my side. In other words it was only personal, very personal.

Swamy used to tell me anything only one time. It was my responsibility to remember it and prac-

tice it. So far, all divine feelings were experienced by me in between 4.30 AM to 5.30 AM only in wee hours.

Services of Lord:

I am so fortunate that Tirumala Sri Venkateswara has accepted me as a servant of his lotus feet and he blessed me with a golden opportunity of serving him and his devotees.

We too decided to discharge our responsibility to his utmost satisfaction without any fault for this we imposed two strict rules on ourselves as under:

1) I have to act as per my inner voice and no question of deviations from the advices of others. I should not get offended when others say I am not following their suggestions.

2) Never get attracted to the donations. I have to accept the offerings only when others give whole heartedly.

We decided not to demand or request anyone for contributions. We have to make arrangements only with the resources that are available with us and gifted by God. So, keeping in view of these two rules we started our humble services. We used to pray God only to provide us necessary funds. If we feel that he is pleased with us we decided that It was the correct procedure. Even God also we felt, was guiding us and telling us to go ahead. Always 'He' lead us in a proper way as decided by him.

In case, by mistake, if we get attracted to wards bad things, He after showing his Divine Act, used to bring us again to the correct track. It is going on since 2002 till date.

So far, Sri Venkateswara provided us with 6 kinds of services as under:

1) We constructed "Sri Venkateswara Divya Mahaa Mantra Sthupa" in TTD Diary form in 2002 and dedicated it to the lotus feet of Sri Venkateswara.

2) "Sri Venkateswara Divya Mahaa Mantra Peetham" established in 2002 and 7 crores of Japa

(Namam) written by 70 thousand devotees every year, is being dedicated.

3) A Chariot with the name of "NAMO VENKATESAAYA" with Brass Replica of Sri-venkateswa Divya Maha Mantra Sthupa prepared in 2004 and we do procession every year from Hyderabad to Tirupathi for 25 days.

4) Releasing the monthly Magazine "Sri Venkatesam" in 2007 and it is being running regularly.

5) Conduction of "BHAJA GOVINDAM" programme twice in a year since 2009.

6) Decision of conducting 111 free Srinivasa Kalyanams since 2021.

The above services are being continued till date without any interruption. But the chariot "Namo Venkatesaaya" is being utilized in Srinivas Kalyanams since 2021.

Most powerful God is Lord Venkateswara who never forced me though I am his servant. He used to give me only after begging that I will do it sincerely with dedication. First of all like lightening, it was appearing in my mind. Later, I used to pray to give me after thinking about it many a time with zeal and devotion.

'O' God! You blessed me your service only after begging you again and again.

He used to warn me to conduct it efficiently since you only demanded. However, he used to solve any problem that cropped up as and when in my way. Thus, my first service date was 05.07.2002. Toli Ekadasi Day commenced with a desire to construct the SRI VENKATESWARA Divya Mahaa Mantra Sthupa. Later after establishing SRI VENKATESWARA Mahaa Mantra Peetham on Vijayadashami i.e. on 15.10.2002, I got an opportunity to service both Swami and his devotees jointly.

Treating service as a Game

The Service of Lord Sri Venkateswara in our life is just like a Game. In brief, it is as under:

A Father made his Son to love him very much. The Son, being a small one, developed affection too much and reached a stage that he cannot leave his father for a single minute.

One day when that small boy was playing with his friends using his favorite toys, the father holding a sweet, in his hand asked his son to come to him for that sweet. The father was standing 16 steps above put a condition that boy should look at him only without seeing his friends, with no hesitation climbing every step carefully.

He also said one mistake will be allowed but if he commits second one, then the boy gets defeated i.e. losses the game. The boy has to achieve this.

The Father is very efficient. He taught his son who is below 16 steps how to climb them and walk from the 1st step onwards; but the boy is playing with his friends joyfully! The Father ordered his son to quit the play with his friends follow his instruction and come to him climbing all steps; but it so happened that in his attempt to climb the first step itself got slipped. Later He succeeded in climbing 15 steps based on the advices of his father. However, He got attracted towards his friends and toys, looked at them secretly so that Father may not notice it.

The father noticed this and poured a little oil on 16th step. No sooner the boy kept his leg on 16th step immediately got slipped and fell down. The boy thinking that he got defeated, started crying, but that kind hearted father, holding him carefully said that “No, no... you won. Don't cry” offered sweet. The boy refused to take the

sweet because he's father is only cause for his defeat since he holds him. Had he not caught the boy, somehow he would have managed and climbed up to 16th Step. He requested to give him another chance. Since his father is kind hearted person, gave him another change as requested by his son. Also he instructed him this time neither get diverted nor get attracted but only look at him just aiming at winning. This boy also, by rectifying his earlier mistakes. So far 'He' climbed only 5 steps and morning up. He will climb 16 steps soon and try to reach his father. This time he requested his friends neither to divert him nor to attract him. If they do so, He will give them complete sweet. Thus, He climbs all the steps with the co-operation of his friends.

Here, the Father is “Tirumala Lord Sri Venkateswara” and the boy is none other than then ‘myself’ (The original writer) and friends are ‘people’ and the Toys are ‘attachment’ towards earthly things. If I realize like this, then the play tallys exactly.

Blessing with services

I desired and strived a lot to have Darshan of Lord and offer services to him in the middle of the year 2002. I prayed him in many ways to bless me with some or other service as ‘HE’ provided great service to Hanuman by creating Ramayana. At the time of prayer tears rolled down on my cheeks and the hair on my body raised. Then Lord appeared before me and said as Hanuman, treated Rama as his Master and chanted his name always and served him a lot, you also treat Sri Venkatesa as your Master, chant his name and serve him forever. He assured me that services will be provid-

ed to me. That's all, my life totally changed with this. At the same time, Tirumala Swami blessed me with another wonderful service which brought a lot of change in me. My joy knew no bounds for this blessing which even kings or Emperors also get very rarely. I, though a very small person got blessed by Swami and in turn I promised to serve him throughout my life.

Sri Venkateswara Divya Maha Mantra Sthupam

As decided previously "Sri Venkateswara Divya Maha Mantra Sthupam" was constructed in the SRI VENKATESWARA Diary form of TTD on 21.09.2002 and dedicated it to the Lotus feet of Swami.

Sri Venkateswara Maha Mantra Peetham

I used to enjoy a lot in chanting the name of Sri Venkateswara. Moreover, all my sever problems also got solved with the power of chanting the Name of Swami. Then I started praying Lord to bless me with an idea of sharing the Mercy of glory of swami with other devotees of Swami or with likeminded people. I decided of doing service to Swami till my last breath. I decided to remain as an anonymous devotee and thought of making devotees to chant the name of Lord 7 crore times every year minimum. For this I decided to offer "Japa" by making devotees to write the Name of Lord commenced the same on 15.10.2002 i.e. on Vijaya Dasami, followed by establishment of Sri

Venkateswara Maha Mantra Peetham. It is my aim to remain as an anonymous person in these all programmes.

Betting with Swami

I thought to have one resolution in my mind in order to maintain same tempo in my zeal and enthusiasm and avoid any type of carelessness in offering JAPA (Japa Samarpana) as the time passes. Then Swami indicated me to take up the decision of putting a mark on his forehead (BOTTU). After observing with my Engineering knowledge, I planned that as there are three 'I' 'I' 'I' (three single digits) (three one, one, ones) in his 'TILAK' (Mark on face), It would be better if I offer 111 crores of JAPA, with participation of 70 thousands devotees minimum @ 7 crores for 16 years. Immediately an idea struck in my mind and I said to him – SWAMI! I don't leave you after marking TILAK on your fore head. I invite you to my residence after marking it. As per our HINDU tradition one invites other person only after marking BOTTU (TILAK) on his forehead. Similarly I too do that service and with its result, I put 'mark' on your forehead get blessed and then I invite you to my home with due respect.

Like that when 'Swami' pays a visit to my home, after having darshan whole heartedly and send him back to TIRUMALA after talking to him and adoring his Lotus feet. For this, Swami also readily accepted with a condition that not a single mistake should take place; but Finally, 'He' allowed for only one mistake. In other words, if two mistakes take place in my entire service I loose my game. As a result, I will loose the fortune of attaining Lord Sri Venkateswara. In this way the betting got fixed.

As a matter of fact, my wish is only to serve the God always completely with same tempo of devotion but "not to attain him". I have no expectations but only "to clear my Loan". Moreover, I am with no qualification or any eligibility. I felt

DIVINE DIRECTION OF TIRUMALA SRI VENKATESWARA

ashamed because if anybody hears this they may laugh or they may make fun of me I thought this 'Bet' is useful only to serve him strictly. Even I didn't trust this word of Lord wholeheartedly. I thought only to serve him to my level best is my duty. I thought, if Swami visits my home and makes us happy, It will be bonus to me, that's all. I did not inform even to my wife that Lord Sri Venkateswara told me that He will visit our home

subject to the condition that he is satisfied until 2021. It was just in between me and Swami.

I decided Symbol (🔒) will be the Logo of Lord Sri Venkateswara Swamy Maha Mantra Peetham after dedicating 111 crores of Japa totally to Tirumala Sri Venkateswara. In other words, It means offering 111 crores of 'JAPAM' and with its result putting 'mark' (Bothu) on forehead of Swami. Nobody known except four or five person

about this. Rather I did not let others to know this out of shyness; But I did not give up my decision. Just changed my 111 crores of Japa, to Lord, into a symbol Symbol (🏠) and we used to show only logo to devotees hiding the fact.

Picture Gallery pertaining to offering 7 crores of 'JAPA' every year to Lord Venkateswara from 2002 to 2022.

Resolution in offering symbol crores of JAPA to TIRUMALA SRI VENKATESWARA

We started our service after writing our resolution as under:

Resolution

Resolution in offering symbol (🏠) crores of JAPA to TIRUMALA Sri Venkateswara

1) Letting all to know the sacred name of Lord Sri Venkateswara and trying to chant the same with pure mind and meditate. Also to make them all to get the divine blessings of Lord.

2) To become an instrument of Devotees for fulfilling their desires. Informing all about the Joy we get by chanting the Name of Lord and make them successful.

3) To inculcate the devotion and dedication in devotees towards Sri Venkateswara Swami and provide them opportunity to serve Lord for increasing the trust in their minds.

4) Offering Japa of 7 crores every time to Lord and get the fortune of praying Lord to fulfill the desires of 70,000 devotees minimum.

5) While offering 07 crores of JAPA (writing of Name of Lord) every year from 2002 to 2018, filling the "Sri Venkateswara Divya Mahamantra Sthupa" with name of God (Sri Venkateswara) and get pleased thinking that we have discharged our responsibility successfully.

6) The name of Sri Venkateswara symbol is very precious and it is infinite also. It is impossible to assess the value of it in this life; but we pray to fix it at symbol crores of Japa and then dedicate it to Lord, and get merged as a dot [.] in sacred

mark on forehead and enjoying in marking it on forehead.

7) Encouraging all devotees to participate in this programme and providing them with an opportunity to offer their services to their level best and serving till the end without vested interest and finally to remain and enjoy a lot as the servant of Sri Venkateswara.

As a part of symbol crores of Japa of Tirumala Venkateswara, the 7 crores Japa offering that started for the first time in 2003. It went on as an offering of 7 crores Japa for 16th time in the year 2018 year.

We started the distribution of Japa Books of Lord under the aegis of Sri Venkateswara Mahamantra Peetham. One can write 1250 names of Swami in every book. This book was given at free of cost from 15.11.2002 i.e. from Karthic Ekadasi. 70,300 Japa books were distributed totally and as per English calendar, exactly within 7 months 7 crores Japas were offered to Lord of Seven Hills on 14.06.2003.

It all conducted under the direct supervision of Sri Sri Sri Ramachandra Ramanuja Jeeyar and Sriman Ajay Kallam the then CEO of TTD. Also Japas, Homas were conducted and prayed Lord to bless all those who write Japa. In Tirupathi, these are all dedicated to Swami on this occasion only Sri Sri Sri Ramachandra Jeeyar named me as 'GOVIND DASS'. Also as suggested it is decided to offer 7 crores of Japa Samarpana on every Gokulashtam.

Lord Sri Venkateswara started extending our

service without knowledge.

Chariot of Namō Venkatesaya

Though we have distributed 70,300. [A Ruled book in which the Name of Sri Venkateswara be written in every line one under another in a limited Number] ‘Japa’ books totally in 1st Japa offering, a problem cropped up in a condition that there must be 70,000 participants in 7 crores Japam since one person wrote more than one book. I started weeping saying that I lost my game very pitifully. Suddenly, I felt that Lord himself appeared before me and suggested to prepare a model of ‘SRI VENKATESWARA DIVYA MAHA MANTHRA STHUPA’ with the Name ‘NAMO VENKATESAYA’. Also HE directed me to go from Hyderabad to Tirupathi with chariot much earlier i.e. 25 days to JAPA OFFERING.

As desired, at the time of our “second Japa offering” in the year 2004, we got prepared the chariot ‘Namō Venkatesaya’ and before 25 days to our every ‘Japa (books) offering, we start our procession from our Residence visiting every lane, going to nearer the houses of devotees, make them to chant the name of God, and write the Mahaa Mantra of Swami on Samarpana Kratuvu (leaflet) and make them to drop in our chariot and reach Tirupathi at last. This chariot gives the feelings of visit of Lord by himself devotees. This chariot is arranged on a Lorry and made of Brass completely. It is every very attractive and draws the attention of every person passing that way makes

him to prostrate with folded hands. The main aim of this visit is to create feelings in that particular House owner that Sri Venkateswara himself visited his house and to make more and more devotees to participate in offering JAPA Books.

This chariot fulfilled the desire of making more than 70,000 devotees to chant the name of Lord atleast one time and make them partners in 7 crores JAPA that year our idea is mainly not to make them just write JAPA but to make 70,000 devotees to chant the Name of Lord 7 crores times. Therefore, when this chariot moves on Road, some thousands of devotees used to have a glance of Lord and salute with respect. Also they chant the name of Lord in minds. Thus our desire is fulfilled.

Along with 70,000 'JAPA Books' and KRATUS (leaflets) collected thro' chariot "Namo Venkatesaaya" every year one day before Gokulashtami, we reach ' PAADAALA MANDAPAM', Tirupathi and offer all to him. On Gokulashtami day, near Sri Venkateswara Divya Maha Mantra Sthup, situated in TTD Diary Form, after conducting JAPA & Homa and prayer to God to bless all those who wrote JAPAA' and fulfill their desires, and finally all 'JAPAAS' will be kept in sthupa by E.O. TTD.

Though we decided to organize this programme for 16 years i.e. 2002 to 2018 only, Later this 'Japa Samarpan' programme was extended till the end of my life. Oflate, 7 crores of JAPA is being written by devotees 21st time. The credit of permitting us every year to do this programme and also for making all necessary arrangements, goes to the Lord of Seven Hills and TTD. It has become a Tradition also because of 'His' mercy.

Sri Venkateswara Monthly Magazine:

Lord Sri Venkateswara directed me to start a Monthly Magazine to increase the anguish and to spend life in service of Swami forever. I don't know Telugu properly so I cannot run it. Expressing my inability I tried to convince Lord but invain. He rather ordered me very strictly in harsh words to start the Magazine. Therefore I started the same from 27.03.2007 with April 2007 issue the Magazine "Namo Venkatesaaya", a Telugu periodical. Later in 2008 the name was changed as 'Sri Venkatesam' and it is being published regularly till date.

We are describing the reality (TATWA) of Sri Venkateswara, spirituality and divine feelings of Devotees thro' this Magazine. The Magazine has

completed 17 years till date from April, 2007 and now it entered into 18th year.

Bhaja Govindam:

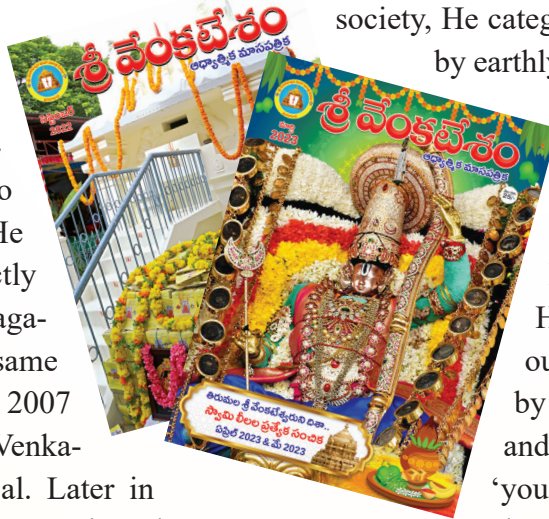

This is also commenced as directed by Sri Venkateswara. It's main aim is to make devotees, who chant the name of Sri Hari on Toli Ekadasi and Vaikunta Ekadasi, to get salvation (MOKSHA). It was commenced in the year 2009 it will be organized on every Toli (First) Ekadasi and Vaikunta Ekadasi only. We are conducting this in various places in Hyderabad. This programme consists of Bhaja Govindam, chanting Harinamam, Keerthan and Pravachanams (Divine Discourses) etc., what aimed with this is making devotees to be blessed by Lord.

'HE' Started suggesting me to do practice: After starting Sri Venkatesam Monthly Magazine, 'He' started directing me to do more practice (saadhana). After got admitted in Master Degree in Engineering College. He told me to achieve spiritual progress.

There were many changes from 2004 to 2008 in my life. He suggested me to do Sadhana while continuing the service about him. Though I live in society, He categorically said not to get affected by earthly pleasures alike lotus it will not

get affected though it dwells in Mud. He said to lead a life of servant of Hari (Hari Dasa) who lived in association with Muslims. He assured me that He will give me a gift if I come out of 'Me' and 'Mine'. As lured by God, I tried to give up 'mine' and asked for 'Gift', but God said 'you are still ineligible to get gift. In other words, I did not get eligibility. I

tried asking two three times. He, in order to let me know that I did not get relieved from 'Me', (selfishness) send Sri Sri Sri "Hayagreeva Swami" and made me to know my inner mind. He stressed

on Practice and said only after serious practice, I get gift.

Clearing debt of my Mother:

My mother got admitted in a Hospital on 14.10.2008 in unconscious state. I cried a lot thinking that day will be her last day. A human being may take many births but the present life what I am blessed is the best one. Suppose if God appears before me and asks, what I prefer to become President of India, Prime Minister of India, India's millionaire, or world's richest person or Pullagurula Sai Reddy, then I demand for life of Pullagurula Sai Reddy only. So important and great my life is why because, probably, no devotee got blessed as I got blessed by Lord as far as my knowledge goes. It is of high level as I compare myself with "Arjuna" and sometimes with 'Drowpadi' sometimes with Maha Bali King some times. My birth is having only one reason for getting blessed.

Once Even Lord Sri Venkateswara touched my body. He also had shown some evidences saying clearly that it is not at all a dream but reality. Lord Sri Venkateswara told once in one occasion that I am so pleased for his mercy and I thought that I vowed to him that throughout my life I serve him. He also said that I got such blessings 14 times from him. In other words, I can clear my Loan if I serve him, as I served him in this life, for 14 lives minimum. I had a strong wish to clear my 'Loan' of my parents who blessed me with this most valuable life, but unfortunately I lost my father in 1990 itself before I turned up a devotee of Lord. I felt bad since I didn't clear my loan towards my father and now after becoming devotee of Swami in this 2008 year, my mother is taking her last breath. So I decided to offer a gift to her, useful for her remaining life but by that time itself she lost her consciousness.

I thought what type of gift I can give to her;

Finally I decided to give her 1/3 of the virtue (Punyam) what I acquired till date. Accordingly I gave virtue to her and prayed with tears Lord Sri Venkateswara to bless her with his Abode Vaikuntam. On 15.10.2008, She had her last breath. Later, one day, Swami told me that He blessed her with Vaikuntam. My Joy knew no bounds after listening to this news. Thus I am free from her indebtedness but my indebtedness towards my father is yet to be cleared.

Order of Srinivasa to start Srivenkatesham:

God changed the direction of my Journey from 2009. The divine feelings shown by Lord for commencing the monthly magazine and an-article in it with a title of ORDER OF SRINIVASA for commencement of Srivenkatesam' got published serially since April 2009. Finally as ordered by Swami to not to publish divine feelings, I stopped them since March 2010.

Idea of HARINAMA KSHETRA and order of my beloved Father:

I got realized that Lord Sri Venkateswara is much bigger than all in entire globe in 2009 and also I understood that No one is equal to him as in Trivikram form. He guided that my life becomes purposeful if I worship 'HIS' Lotus feet with the devotional soul stirring songs. For the first time, He caused for getting a strong desire to establish the constraint chanting 'HARINAMA KSHETRA' as a replica of Tirumala Temple in karthik month of year 2009. After thinking for few days I dropped the idea of establishing the same as I decided that I am not capable to do so; but Lord didn't forget it. Again 'He' made me to think seriously about it in 2014. 'He' said to construct the same without any second thought if I want to get thro' the Exam, successfully. Moreover, He sent my Late father who is in Heaven to me to inform

me that to go ahead with my idea of construction which satisfy both Lord and him also, But 'He' didn't inform me where it is to be constructed. i.e., in which area I have to construct it.

Later Lord sent my Late father many a time, co-operated me to eradicate the selfishness and feeling of 'me' and "mine" for getting eligibility. Also I was guided by 'HIM' to arrange 'Harinama Kshetra' undoubtedly in order to clear the indebtedness towards my father.

In fact, I to was planning to do so but in vain, Not a single step I put though I tried a lot. I attended 6 types of services easily and successfully with the kind co-operation of Lord. But unfortunately, it was of no use though I prayed him sincerely. Not even the locality to built the Hari Nama Kshetra was suggested by him. So I almost dropped the idea unwillingly.

To put mark on forehead of Lord:

I say very humbly that I performed successfully, the offering of 'Japa' or other service in 16 years only just for clearing indebtedness but with any other expectation. I had no desire at all in any corner of my mind to get Sri Venkateshwara; but the desire born in my mind in the year 2016. I thought that any desire will be fulfilled after dedicating 16th 7 crores of Japa offering in 2018.

I planned where and how to arrange Swami if 'He' pays a visit to my home. Accordingly, I invited 'Swami' after completing 16th JAPA offering in 2018 to my home by marking TILAK on his forehead. But to my surprise He said "you didn't pass the exam".

I got worried and unable to guess where I committed mistake knowingly. Lord is very much elderly person and he may be bussing with many engagements. I though "He" may visit my home as per his convenience. As such, my intention is only to serve him, I with not break to continue this JAPA OFFERING' in 2018 till my last breath; but

to continue this RATHA YAATRA (procession of chariot) till 2020 upto the attainment of 60 years of my Age. It is going on even now, I had a strong notion that one or other day Lord will visit my home definitely.

In the year 2020, for 18th time at the time of offering 7 crores of JAPA offering, we did it without procession of chariot on account Covid-19. I sent the 'JAPA' to TIRUPATHI with a humble request to concerned TTD officials to arrange 'JAPA offering and it was performed also successfully by them. We did not go TIRUPATHI but performed 'Havan' in front of chariot shed in my residence itself.

Arrangement of Srinivasa Kalyanams:

We used to arrange Bhaja Govindam in Hyderabad on every Toli Ekadashi & Vaikunta Ekadasi; But unfortunately, I could not conduct Bhaja Govindam on my 60th Birth day on account of Covid-19. Finally we conducted Srinivasa Kalyanam in my residence itself before 8 persons. I felt bad since it is conducted so simply all alone. I felt ashamed. At last I prayed very humbly to provide me with a service to conduct hundreds of Kalyanams before thousands of devotees in various places with the participation of devotees. Also I decided the procedures and providences of Srinivasa Kalyanam on 19.07.2020. Accordingly I have to conduct not less than 07 Kalyanams minimum every year systematically and 111 Srinivasa Kalyanams at free of cost. We have decided well in advance that all kalyanams will be counted in one year not alike "Japa offerings". This was my firm decision noticed by Swami. Moreover I also told him to bless all those who are related or connected to me and to my service. He was very particular to celebrate this in Appannapally, village of my maternal Grand Mother where I born and also in my native place Chinna Gundavelly. Besides, I got permitted for this programme by Goddess

PADMAVATHI, who was in the form of 'SRI ANDAL'. Swami informed that 'He' is more anxious for this programme than me; But I got some rest since there were Covid-19 regulations and also no permission for spiritual programmes by Government. He started imparting training during this leisure time as per my Aim.

Requested to read Divine feelings:

The Real story began Now. I experienced a number of Divine feelings of Swami since past 20 years. All were noted down in 06 note books and kept safely. Never I read them all at a time. When I published the feelings pertaining to "Monthly magazine", I read only those which were pertaining to them. On 25.11.2020, Sri Venkateswara ordered to read all feelings immediately. Then I searched for the note books and traced only Book No. 2, Xerox copies and originals of 5 & 6 only out of 6 books. A part of book no. 3 and full book no. 4 were missing. The feelings noted down from 18.8.2009 to 24.02.2011 were not available. It took 21/2 months to read and understand the books I found. I understood partly only the secrets in 'His' Divine Actions. The fact is Sri Venkateswara after choosing me as an instrument for arranging his Harinama Kshetra. I also understood that I won't go thro' the exam successfully as long as I don't establish Harinama Kshetra.

I felt bad and lamented also to note that the information about the visit of Lord SV to my residence was not a lie and Infact, the Lord is taking pains to make me eligible but I did a big mistake without understanding him properly. I was in grief for not going in the direction shown by God with total faith. I while crying and apologizing him with bending head as I failed to discharge my responsibility in attending the work entrusted to a very ordinary and of a person belong to lowest

level like me. I shed tears – saying that your name and fame may get spoiled because of a servant lime me. In one moment, I prayed the sudarshana (the Disc) to kill me since I did a blunder to your master.

Loosing bet:

To say in one word, I can say one thing i.e. 'I understood that I lost my bet on 16.12.2020. I lost my bet though I decided to serve Swami very strictly with total devotion and not taking rest from 2002 to 2020 i.e. for 18 years. As a result, I lost a chance to serve Tirumala Sri Venkateswara. Dr. Ramanachary I.A.S (Retd.), who observed in 2007 itself my situation closely, expressed a doubt that I might have had the Divine Darshan of Lord SRI VENKATESWARA because of my enthusiasm and interest. I practiced to prove his mercy that a very very ordinary person like me also will get the Darshan of his Lotus feet even in this KALIYUG provided I chant his name whole heartedly and according to the desire of choosing me as an evidence. Even I had a faith that I will be eligible to get 'BONUS' also.

I, since 2002, leading lonely life just chanting SRI VENKATESWARA's divine name without getting into touch with others. In spite of this, I didn't reach the stage what SRI VENKATESWARA's expected from me. In fact, the feeling that I am an ineligible servant troubled me a lot than missing 'SWAMI'. I couldn't bear the idea that Swami is defamed by me. I prayed to put an end to my life since I am an incapable servant. A sort of Guilty feeling filled in me and made me totally collapsed. As a matter of fact, I am not yet fault. Never I committed any mistake. Just I got defeated because my fate is bad but not for committing any blunder or crime.

When my mother died in 2008, I offered 1/3rd of my virtue (Punyam) what all I earned upto

October 2008. The offering of Japa took place 6 times upto 2008. 1/3rd virtue from it, i.e. result of 2 years is dedicated to my Mother. If the 111 crores Japa, what all I decided is to be required for 16 years. Then it is changed to 2020 instead of 2018. My decision will be realized with my offering of 7 crores in 2020; But unfortunately, on account of Covid-19, 7 crores of Japa offering took place without chariot procession. In other words, we offered 7 crores without taking 70,000 devotees as partners. As a result, second mistake took place and I got defeated as it is wrongly interpreted.

Suggested to follow 'Sri Bharata':

In fact, how this mistake took place? How the fortune acted against me? The Fate or Destiny is Just an instrument in the hands of Lord. I opined that SRI VENKATESWARA did this wontedly. No sooner I got this idea immediately feelings to “follow Bharata” started appearing again and again in my mind. SRI VENKATESWARA observing my grief sent some devotees on 22.12.2020 to give Laddu prasadam to me. Without understanding this as a good sign and unable to get qualified, I started worrying alike previously only. Also I started worshipping specially presuming that Swami might have got annoyed with me.

“Swami! You ordered me to study only M.Tech., but I am ready to do Ph.D., also Swami!” I started my practice very serious only. By that time itself, mentally with a lot of change, I

disconnected myself with earthly things, But showing His another Divine Act, God severed my connection and fascination with my children and family with roots. A feeling of ownness towards Lord SRI VENKATESWARA which made me to think that He only is my well-wisher. Also, my idea of spending more money very happily for his service got strengthened.

Succeeded with the blessing of BHAGAVATHS's:

Finally unable to bear my pressure. ‘He’ explained the inner meaning of getting Tirupathi Laddus as gift i.e. “you have successfully achieved with the blessing of Bhagavathas. So don’t worry.

It means many devotees got blessed since year 2002 to till date through my service. You won because of the blessings of those Bhagavataas”. Likewise He consoled me. In other words he indicated that you have passed with grace marks of blessings of Bhagawathas. At once, I dedicated this success to Bhagavathas. I failed to digest this victory due to some unknown reason. I could not tolerate the involvement of others in service of Lord. Immediately I prayed Lord: ‘O’ Lord! SRI VENKATESWARA! I don’t want this victory, kindly distribute this success to Bhagavathas and provide me with another opportunity”.

Blessed me with Srinivasa Kalyanams as another opportunity:

Accepting this, Lord provided me with ‘Srinivasa Kalyanams’ as an another opportunity. He ordered – ‘you have to conduct 111 Srinivasa Kalyanams very efficiently successfully and with-

out, a single mistake. You have to mark a Tilak (BOTTU) to Lord SRI VENKATESWARA and invite to our home. In this second time service, I was asked to follow Sri “Bharata”. In fact, the character of Sri Bharata is of its own kind. He got punished for no fault. Though He prayed Sri Rama that I am innocent and never committed mistake but Sri Rama said to accept and bear it as decided by Fate. At the end, Bharata faced it as ordered by Sri Rama. It resulted into Ramayana. The kindness and ideology of Rama remained for generation. Ruling the country with great sacrifice He struggled a lot for the arrival of Sri Rama It was so deep that he couldn’t tolerate the delay in Rama arrival even for one day. I felt that similarly SRI VENKATESWARA asked me to wait for him while organizing kalyanams. Finally, I accepted this second strong decision. Also I understood that my first attempt was only trial run and the present one is only the real bet.

Zeal is doubled:

Previously Lord SRI VENKATESWARA blessed me in many ways before I asked him and caused to arranged 6 types of services; But ‘He’

In 2004, TTD executive officer Sri Ayay Kallam inaugurating the NAMO VENKATESHWAYA RATTHAM.

again and again instructing me to increase the eligibility, necessary for getting divine darshan of Lord SRI VENKATESWARA The eligibility that never interrupted now is putting hurdles in the way to get Swami. Probably this is a procedure arranged by him which cannot be crossed by any one. I felt that as Lord is not providing us direct boiled rice, but provided He crops, harvesting process and only after getting boiled it becomes eatable; similarly Swami is also following this procedure of proper practice for getting him. I understood that by offering the result of 6 types of services to him He blessed me and through required practice, after getting eligibility, we can achieve it only through getting good impression of Swami.

My zeal and commitment got increased. I am taking care of myself without repeating the mistakes committed by me earlier with a desire to achieve eligibility. Though I stopped my business but I used to buy and dispose just for some relaxation. Also I used to talk to others jovially. I used to give gaps I also commenced to achieve my goal by all means. There were many occasions when Swami by himself encouraged me my sincere efforts. He created a hope in me that I will achieve definitely. He said with a smile that Had you eliminated “Me and Mine” by this time you would have had achieved long back, but you are taking pains by choosing long distance route. Even then, you will win.

Now I am thinking to establish Harinama Kshetra in a suitable place. I am praying all known people to suggest a convenient place for it. I have visited all nearest places in and around my home. Once I thought to convert my house situated in our village Chinna Gunda Velly as Harinama Kshatra. Dr. Ramanachary Garu suggested to establish it in his Ashram situated in Kondapaka; But to my surprise, SRI VENKATESWARA very categorically

told me to establish it in that place only as suggested by him. Finally I requested him to suggest a name as It is next to possible to me to establish and run it. I also requested him to help me since It is very difficult to me to attract the devotees who chant Harinama and satisfy themselves etc., I even asked him to make my Late Father who is in heaven, to help me . I got green signal from Lord for all tasks.

Commencement of Kalyanam (Divine Marriage) Programme:

Finally, on 20.07.2021, i.e. on the auspicious day of first (Toli) Ekadashi, in the aegis of Sri Sri Sri Pushpagiri Swami's and with his blessings the first kalyanam out of 111 kalyanams conducted in TTD Hall, Himayatnagar followed by kalyanams in various places. Thinking each kalyanam as a step to reach Lord, we used to conduct it very clearly and devotionally without any mistake. We are conducting every kalyanam as a Mass Kalyanam programmes so as to enable devotees in a large number very peacefully and conveniently.

Sharing Result with Bhagavatas:-

When I was told by Lord that I won just because of the blessings of Bhagavataas, I thought that they are only quite eligible persons to receive the result. I prayed God to distribute it among them; but it has not come from the bottom of my heart. My wishes came out and troubled me again. Again I got lamented. I started weeping while saying that 'O' Swami! I cannot show my face. I am unfit to have your darshan even. Observing my pitiable condition, Lord SRI VENKATESWARA told you Won, you have achieved your goal. He also asked me to read immediately the feelings from the beginning. I apologized him after reading them again. I repented also. As he said, He distributed this success among all devotees who wrote Japam from 25.08.2021 to 2002 and again till date in the form of special prasadam. Thinking that service is only wealth to me and I shouldn't

expect anything other than Seva I focused only on 'Kalyanams' and am doing my level best to the utmost satisfaction of both Bhagawan and Bhagavataas.

Getting blessed by Lord:

Shri Venkateswara Mahaa Mantra Peetham was started since Dasara-2002. I wished to organize programme of "SRINIVASA KALYANAS" immediately after offering 7 crores of 'Japa' 18th times in order to be indebted to Lord forever. It means SRINIVASA KALYANAS programme was commenced since 2020 from Dasara; but on a/c of Covid-19, Though I started this on 20.07.2021 with First Kalyanam, I have to conduct minimum 7 kalyanams upto 15.10.2021 as per Regulations in Srinivasa Kalyanamas. Only two months were left over for this. Finally, chanting the name of Swami very deeply, we conducted 8 kalyanams till Dasara 21st by his mercy. When I conveyed my hearty thanks to him for making me to win in this task, 'He' smiled and expressed his pleasure. He said, "I will come to your residence after some time. He also said He will attend other works required for house construction. He blessed me saying SRI VENKATESWARA KRUPA KATAKSHA SIDHI RASTU –

Giving information about Harinam Kshetra:

I am trying a lot to get information from Lord where the Harinam Kshetra is to be built. Giving up every type of pleasure and business pertaining to materialistic word. I just am following 'HIS' instructions with a single aim i.e. achieving my goal. Once Jokingly SRI VENKATESWARA said to me "you have converted your Pooja Room as

Bed Room”.

He said in March 2022 to me that my wish will be fulfilled soon. On account of Covid-3 wave, we gave gap to kalyanams and left for America on 05.04.2022 just for 21/2 months to spend with children. Even there also, I prayed for Harinama Kshetra only. Finally on 16.04.2022, He said “you have achieved, your dream is fulfilled”. He also directed to arrange this Harinama Kshetra near our Garden well (Thota Bavi) in our ancestral village. I, feeling it as my fortune can construct in minimum 7 acres of land. I conveyed lot of thanks to Swami for making me successful. Immediately I said but I couldn’t understand this in those days. He also said “River Gangas will bring one stream to this area”. As informed by Swami streams of Godavari are coming here as a part of Mission Bhageeratha. A long road is also coming here as a part of Siddipet Masterplan.

Informing about Replica of Tirumala:

Later I was in dilemma in which shape the temple should be. Once I planned the temple should be in the form of Tiru Namam (Auspicious mark on forehead of Lord) I have chosen the various temple models known to me; But on 21.05.2022. i.e. on Sravana Nakshtra day, He said very clearly that he wants only in the form of Tirumala temple i.e. Replica of Tirumala Temple. He rejected all other models. He told to do this carefully.

Once the place for Harinama Kshetra is indicated, I felt the meaning of all feelings, what I am experiencing since 2000 is changed. Previously a number of feelings were shown using our Gard-enwell.

My first experience was ‘Sri Hanuman’ who flew there only saying “JAI SRIRAM”. He also announced that area will get place value and will become a centre busy with a number of shops, Hotels and people.

He informed me that the main aim is to reach

the goal and I was asked to move with devotees of SRI VENKATESWARA and serve him more with dedication. If necessary He asked me to take 3rd ‘Sankalp’ (wish). He ordered me not to extent our stay not even for one day come back to Hyderabad and discharge the responsibility at the earliest”.

The programme of ‘Kalyanams’ is going on successfully, once ‘He’ blessed us with his sweet laddu prasadam. Every Kalyanam is being performed as mentioned in Vaikhanasaagamam and in the midst of devotional songs of Annamayya along with “Namo Venkatesaya Chariot procession alike Tirumala people’s Kalyanams. The devotees are so happy as if they are in Tirumala Chariot procession only.

Sri Ajam Kallam the then E.O. (2004) is inaugurating the programme of NAMO VENKATE-SAAYA chariot procession programme.

Lord SRI VENKATESWARA is blessing every devotee participating in Kalyanams mercifully. As informed by Swami on 30.07.2022, when I was conducting 21st Kalyanam in my native place i.e. Chinagundavelli, ‘He’ has sent my father to support me. I made my village people to pray Swami to make my village as his permanent abode. Swami felt glad. As suggested by God himself I have conducted 40th Kalyanam in Appanapalli, village of my Material Grandmother on 18.03.2023. We have conducted totally 41 kalyanams upto March 2023. Sri Venkateswara Swamy informed that my practice (Sadhana) is going on successfully this time and I am in a mood to pass the exam Under any circumstances. My earlier services like Monthly Magazine. SRI VENKATESWARA and Japa offering 7 crores times are being continued. We are proceeding further with an aim of conducting all 111 Srinivasa kalyanams. Along with result of virtue getting powers of Bhagavataas and their blessings we would like to invite Swami to

Harinama Kshetra from Tirumala into the Replica of Tirumala surrounded with even two compound walls in Chinnagudavelli village situated near Sidhipet.

Cleverness of Swami:

SRI VENKATESWARA is very clever. I begged him to bless me with the fortune of serving him till my last breath in 2002 year itself. I told him categorically that I am his obedient servant and I feel it as my sheer luck to get his “Loan cleared”. Accordingly Swami blessed me with his service and warned me to discharge the responsibility carefully. Later in 2020, He made me to pray him for the distribution of 16 years’ service to Bhagavataas. Moreover He gave me another decision and extended my service for few more years as begged. This is an evidence for ‘His’ cleverness.

The next day when I lost my game and I am in grief, though ‘He’ said I won because of blessings of Bhagavatas, I tried a lot for further two months more to get his blessings with the pain that I got defeated. Finally I regained my strong desire. At last after my desire got strengthened He said-” I already told you but you failed to understand it. It is your fault.” Thus showing his love on me one side, on another side he brought a change in me as he wished. This is another evidence for his cleverness.

A feeling:

As a matter of fact, for the first time, I started this Service to repay his Debt only. I searched for a determination so that I shouldn’t get deviated. Then ‘He’ suggested to mark a tilak on his forehead. When I invited him, if, after seeing him and adoring him. He wants to go back, then can I say ... “you can go to Tirumala? How I can bid a farewell to him? Suppose if I ask him to stay here, where he will stay here? I decided to provide him all facilities what all ‘He’ is enjoying at Tirumala. It is my responsibility also. So, I have chosen the

replica of Tirumala, and decided to continue the traditions, services etc., what all available there to implement here.

Guidance of Swami:

SRI VENKATESWARA wished to get this ‘Harinama Kshetra’ with a lot of persistence. He said to follow his directions and to live very strictly and achieve it by all means. Since 2017 I am becoming lean physically though I don’t have any deficiency. SRI VENKATESWARA used to show my engineering friends of 1985 batch who have Bellies and tell me see how they have grown their physique. ‘He’ used to compare their physique of 1985 with present one. He also used to say “See! You have to grow in spiritual field”. He used to compare my physical structure with spiritual growth and used to guide me.

Indication to get blessings of Bhagavataas:

Tirumala Sri Venkateswara Swamy suggested me to publish his feelings in the end of September 2022. i.e. from 05.10.2022 Dasara festival. I conveyed my thanks to him for choosing a person like me of lowest level and leading me towards achieving his target. I said – “O” Lord! To achieve my target only my strength is not enough. I utilize the publishing of your Experiences / Feelings in order to gather their powers along with the blessings of Bhagavataas. I requested him to permit me to publish “his” experiences. For this, SRI VENKATESWARA felt glad. He sent Sri Sri Sri Rama Chandra Ramanuja Jeeyar along with his disciples. They were made to read Divya Prabandha Paraayanam and to bless me. Later, I asked to speak the truth as a person speaks on death bed only truth.

Training of Sri SRI VENKATESWARA: Two months for example:

The training of SRI VENKATESWARA will be serious and also very strict. He creates the situation and makes us to experience it and then preaches us. Here also He created same situation and told. I wish to tell you a few Divine Acts un-

der his training. I am narrating the training details imparted to me from 09.10.2022 to 10.12.2022 for two months. On 09.10.2022 My family Doctor, as a part of regular check up, checked my health condition and said that there are multiple blockages in my heart and Angiogram is to be done Either stents or Bypass are required to be done. Hearing this, we myself and my wife both worried a lot. We lost hope on life and started detaching ourselves with materialistic world. We started praying Lord 'O' Lord! Why these Assests and what is the necessity of prestige and wealth? What for this Land etc once I again I donated everything of mine to him and prayed to extend my life till his determination is fulfilled. I assured him that "I dedicate my extended remaining life only to complete the aim of you"; But He made me to have a holy bath to do some pious and holy work, in my home. Next day, in the morning time, I understood that the blocks in heart are nothing but 'HIS' divine acts only. I consoled my better half who planned to visit Hospital that nothing will happen without the will and pleasure of SRI VENKATESWARA I also told her that we will go to Hospital after 20-25 days after Ayurvedic treatments.

The next day I told my wife – "you see? You felt bad when I was publishing personal, domestic affairs including every type of news, to be revealed and not to be revealed. But this time I said undoubtedly only this time we should not do like that but we say alike a person on who speaks only truth on Death Bed." For this, I have no objection and it is more than enough to pray." So, accepting this, she started prayer. Meanwhile, Swami was imparting training to me and informing me that He is trying to make me to pass the Exam on 16.10.2022 and asked me to continue the same situation.

Later 'He' blessed me on 22.10.2022 with another Divine Act and assured me that 'He' is

making me eligible step by step. Finally he said, these divine acts will be continued till I reach to that stage what he expects. Oflate, I am trapped in some serious issues. Insufficiency of staff in office, Newly cropped up land issue, The same land issue turned up as police case, Health issue and our family problem etc., many issues troubled me a lot. I prayed and surrounded to him. Again and again I requested him to solve my problems and save me. Finally He appeared before me on 27.10.2022 and said to me. My devotee definitely enjoy the sweetness of devotion throughout day". It means, I, by chanting His name again and again during this bad period should enjoy the sweetness and the present situation is helping me to develop Spirituality and more Dedication.

Lord SRI VENKATESWARA informed me that it is your responsibility to deliver his blessings to the groups of devotees of our area who elect me as their president on 29.10.2022. He ordered me "alike a surpunch who, got elected for a village and now works hard for the development of that village, you too have to leave no stone unturned to see that all those devotees are also blessed by me" (SRI VENKATESWARA).

On 01.11.2022, we prayed very pitibly from the bottom of the heart. "O" Lord! I am in the clutches of suffering. I am breathing with great difficult. I got a doubt, whether can I see the rising sun tomorrow. "Observing this situation, I surrendered to him again and again and asked him to pardon me. I assured him that I will obey him and put all his Divine Acts (Leelas) with no Alternations or Addings. I requested him to take me to his abode only after achieving my target and fulfilling desire. I wish to attain you in this birth. I wish to talk to you and worship your lotus feet.

As expected Sri Sri Sri Tridandi Srimannarayana Chinna Jeeyar Swami visited my home along with his personal attendant and sat in my

house with heavy heart. Meanwhile, His P.A. approached me with a request to give him my Account alike face book. I rejected with pain only for this. I said “I am going to get the Divine Feelings of my SWAMI, so that Account is essential to me but I can give it to him only after fulfilling the desire of SWAMI”.

We both argued for few hours on this. As I am not prepared to give him, finally they left. (It was a dream) Jeeyar Swami came to me in the guise of ‘God of Death’ (KALA/YAMA) to take me to upper Loka, but I could not understand this properly. I got another dream on 03.11.22. In this also my life span got extended. I was travelling by a train. As soon as the train reached the station I tried to get down. Meanwhile power was pushing me out. Finally I got pushed, but when I reached the exit, I observed the surroundings and remained there only since It was not the station where I have to get down. So, holding a rod of the window I was hanging and travelling. Meanwhile, another Gentle Man with black complexion, the owner of train from another Engine came and took me inside and allowed me to sit comfortably. It means, My life span got extended.

Finally, I after suffering a lot, prayed Lord on 07.11.2022 as under; ‘O’ Lord! You assured me that you will solve all of my problems; But I am getting scared to these all. Your real devotee never get Scared. I am unfit to say that I am your real devotee. I don’t have eligibility to get you. So, I am now expressing my desire totally to attain you. I pray you Swami! To pardon me; But I vowed that I will fulfill the determination blessed by you. In fact, I demand only the “service of Lord” but not “him”. Attaining ‘Him’ is just like a ‘Bonus’ to me. I wished to serve him as my duty but not any work or any seva (service) to attain him.

At the end, as inspired by Swami we visited Hospital on 12.11.2022. As two stents were fixed in my heart, my life got extended. When Doctors told me that these stents were fixed only

in critical condition, I got recollected the divine acts of Swami once again. I took a pledge once again that I will utilize my extended life only in his service and to fulfill his determination. Swami is imparting the most hard training in this way.

One more thing, I have become lean since November 2022. Whenever someone asks me about this, I felt that the assurance of Lord SRI VENKATESWARA is echoing in my heart “you have to get improved / developed”. SRI VENKATESWARA is imparting training in this way very hardly just for establishing his Harinam Kshetra.

Recently, TTD provided a great facility i.e. Utterdwar Darshan for 10 days on the eve of Vaikunt Ekadasi. We both i.e. myself and my wife visited Tirupathi on 09.01.2023 just to see inner parts of Lord’s Vaikunta Dwaram with Engineer’s view (mind) to follow it in my HARI NAMA KSHETRA construction work and also to have a darshan of Swami Above all to get his blessings for getting published of my Article with the title “Direction of Tirumala SRI VENKATESWARA and my condition”. on that day in we hours I experience an inner feeling that “I am happy that you are visiting to get blessed from me”. Also my wife too got a dream on 10.01.2023. Lord himself appeared and told her “I will visit your Home”. Thus we both overwhelmed with Joy.

Blessings of Swami – one for an instance:

I am narrating One example of Lord’s blessings here. I told you already that I am blessed with the service of his lotus feet. It so happened that Lord came down from sky, visited my home directly, sitting before me, kept his both feet in front of me lifting his ‘PANCH’ (Dhoti) upto his knees said “Enjoy”. Showing His feet said – “Worship as you wish”. Who else get blessed like this? I was blessed so many times like this.

Blessings of Bhagavataas:

I started first two sentences of this Part as directly suggested by SRI VENKATESWARA I

am writing these all experiences only just for getting blessings of you all as ordered by SRI VENKATESWARA only.

Though I wished to tell you many more things in this Part, God while chanting 'GOVINDA' on 14.03.2023 asked me to put an end to this Chapter. Thus, though Swami is inspiring me by standing behind me, I have to practice properly as required.

When I was blessed with Programme of 'KALYANAMS', SRI VENKATESWARA asked me to follow Sri Bharata. Bharata was a great devotee who struggled and worried a lot for Lord Rama. He was so excited to provide the Rule of Rama to subjects of Ayodhya. For this he couldn't bear the separation of Rama even for a single day. It means Swami wants me to develop such devotion and struggle. One has to develop so much interest, so much love towards SRI VENKATESWARA. Only then it becomes possible to construct Harinama Kshetra for which the effort of one single

person is not at all sufficient. So I expect the strength, support and blessings of devotees of SRI VENKATESWARA I earnestly request you all to extend you kind Co-operation in arranging and also for the maintenance of Harinama Kshetra and also in inviting Swami from Tirumala.

I pray every devotee irrespective of his or her Caste, creed Religion and Gender to chant the name of SRI VENKATESWARA 3 times and bless me. Also I request them to go thro' the wonderful Divine Acts of Lord, which we publish every month. I expect everyone to get aware of his affection on devotees. Also I with folded hands, pray to bless me and wish me also for arranging another TIRUPATHI as desired by "Him". It is necessary for every devotee to get blessed by Swami thro' Prayer to support me even in the form of blessing. I will let you know a few more most impressive Divine Acts of Swami in brief in the days to come. Later, I will describe all one by one. NAMO VENKATESAAYA.
