**Leelas of Tirumala Sri Venkateswara Swamy  
to establish his 'Harinama Kshetram' as  
another Tirupati in Telangana**

**Sri Venkateswara Swami Paada Sevaka  
Pullagurla Sai Reddy (Govindadasu)**

Lord Tirumala Sri Venkateswara decided to built his Harinam Kshetram near our Gardenwell in our own village i.e., China Gundavalli, 7 km away from Siddipet in order to bless his devotees. Lord has planned to settle down in this place by himself permanently and bless the locals on par with residents of Tirumala. He guided me to construct at least two compound walls (VENDI VAKILI) alike Tirumala Temple and arrange continuously the Harinam Keerthana by several groups of devotees. To make this real, Lord while imparting necessary training since 2000 and intimated me his real aim in 2022.

Of late, necessary training is being imparted in order to achieve this goal. The God guided me to get qualified and arrange Harinam Kshetra through the services blessed by him. Though the direct divine actions started in my life in 2000, he blessed me with Birth, Features,

Childhood, Education, Virtues etc, matching to my wish indirectly.

I describe all the divine feelings one after another from the beginning in this chapter including my introduction.

## ABOUT ME

I'm Pullagurla Sai Reddy and I belong to Chinnagundavalli village which is 7 km away from Siddhipet. My parents are Late Pullagurla Venkat Reddy and Smt. Rukkamma. We have one more Sirname "GADILA". Our family depends on Agriculture totally. My parents had no issues for a long time. They prayed various Gods for children. Two kids born to my parents before me and died. Finally they did special adorations as advised by their Gurus. It was told by my parents that I, as a result of such adoration, born on Toli Ekadasi 05-07-1960 in another village Appannapally 7 km away from my native place in the house of my maternal grand mother. I have one sister by name 'Lalitha'. I was brought up very affectionately by my parents. Even, my nose and ears got stitched with ornaments though I am a boy

since two kids died before my birth, so that nothing could happen to me. I was not allowed to wear new clothes also till I completed one year on account of this only.

I liked Lord Venkateswara since my childhood very much. I used to go on fasting every Saturday on the name of Lord from my II standard though no one told me. I used to pray God **“to make better use of me for any useful purpose to the world”**. Though my family is non-vegetarian, I was vegetarian from my childhood. Later, I became non-vegetarian from tenth standard.

Though we were landlords and we have enough land but unfortunately I have spent my early days in terrible poverty as there was no water to our lands. They depended only on rains. Initially, we were very happy with our cultivation. We had 4 wells and cattle from 70 to 80 animals. We used to keep them in two cattle sheds. Along with hereditary lands, my parents had purchased more land and a house on their own earnings.

Our house was very comfortable with all facilities. The walls were constructed with strong sand. Our entrance was very strong and pillars are wooden. The elders, the guests and we all children used to sit on raised platform or terrace serving as a seat in front of a house in the evening. Among 04 Wells “Garden well” (Thota Bavi) is of its own kind. We used to spend lot of our time there. Even our cattle used to be kept there.

My father was a very clever, good and principled person. Once He served as Sarpanch to our village also. **He liked this land very much.** In spite of his financial problems, he never thought of disposing land not even one Acre. We lost some land on account of Land Ceiling Act. Then someone came to my father and said “You will not lose your land if you say, Your son is 18 years Old”. But my father categorically said “just for land sake, I cannot lie”. He in turn, told them that his son is in 9<sup>th</sup> class and even he produced my Date of Birth Certificate procured from my school as an evidence. As a result, we lost the land. So great and truthful was my father.

The situation turned from bad to worst since 1970 as no crops at all due to lack of rains.

## **STUDIES**

I studied upto 5<sup>th</sup> standard in Chinnagundavalli, 6<sup>th</sup> to 10<sup>th</sup> in Pulluru my neighbour village and then Intermediate in Government Degree College, Siddipet. As I completed my Inter, I could not get seat in Engineering. So, I studied B.Sc. two years course in Siddipet while attending cultivation in Chinnagundavalli.

I discontinued my ‘fasting’ in 1980 since I failed to get seat even in my second attempt as I got annoyed with ‘Swami’. I know thoroughly the situation in my village as I attended personally all Agriculture works for two years in my village.

I, by observing our financial pitiable situation, felt bad and decided to leave my village by all means. At that time decided to help my family to come out of financial crunch if I get seat in Engineering by doing business but not any job. Finally, I got seat in college of Engineering of Osmania University in the year 1981. I stayed in University Hostel and studied. I face a many hardships for livelihood after completing education in 1985. I joined as JRF with our late Prof. Dr. Badruddin. Later, I got admitted in Structural Engineering Master Degree part time course in 1987.

## **DIVINE ACT OF LORD VENKATESWARA SWAMI**

Here, I would like to narrate a Divine act (Leela) of Swami, that happened in my life in 1987. One fine day, I found a job advertisement of ‘Vikram Sarabhai’ to recruit some employees. I decided to attend the interview and have Darshan of Lord Venkateswara on the way. Later, after attending interview at Trivendram, I also visited the temple of Sri Anantha Padmanabha. It is a very very big temple and I had a comfortable and memorable Darshan of Lord. In return journey, I on break journey, de-boarded at Tirupathi at 9:00 AM and left for Tirumala to have a Darshan of Lord Sri Venkateswara. At that time, I had all of sudden a

feeling of inexplicable joy. My excitement to see Lord increased. Then, immediately, kept all luggage in a locker, took holy bath and rushed to temple. I have no words to explain my curiosity. I had same tension and excitement of that youth, who left abroad for his livelihood, after staying there for 10 years, returns his place and gets a bad news before reaching home that his mother is taking her last breath.

My legs and entire body started shivering and unable to hear the words of fellow devotees. At last, I reached sanctum sanctorum looked at Swami and became speechless. The tears rolled down on my cheeks. I prostrated Lord and returned back. Unable to bear the separation, I again entered the 'Q' went to have Darshan again. Totally I had Darshan of Lord 7 times that day totally. But in seventh trip, I, hit a stone in hurry which pained me a lot. Then I heard an inner voice from the bottom of my heart. "Now! It is enough. Give chance to other Devotees. You can go now." Also I heard my own voice that "O" Swami! I belong to you and you are mine." Finally I boarded Hyderabad Train at 6:00 PM. That's all. My life since then changed and progress commenced in my life.

My parents, on account of their financial crunch, got disappointed and felt depressed both physically and mentally. Then, I took the responsibility of family and also the responsibility of my sister's marriage. I started work of private construction since I had no interest in doing job. Finally I joined in a Polytechnic College as a Lecturer in 1987. But, as it has not attracted me, after getting married in 1990, again I have taken up fulltime construction work.

## WEDDING

I got married to Chi. Surekha Reddy, M.Sc. (Chem) seventh issue of Smt. Sakuntala Devi and Sri Cherukapally Narayan Reddy, residents of Hyderabad on 04-03-1990. Even this wedding also took place as the part of Leela (Divine act) of Lord. I have seen a number of girls for a suitable match to

get married. In continuation of this, I saw this girl "Surekha" also at her residence during betrothal function. But unfortunately, I did not love her in my first sight or in first meeting but I felt as if I met her already previously. Unknown close feelings started appearing in my mind. Even then, I rejected the proposal of getting her married. Three months rolled away. As I did not accept her, her parents tried for another alliance also. Not only in my mind, even the same feeling cropped up in her mind also. Finally, by this feeling, I agreed to marry her. First I arranged wedding of my sister with Badikol Bal Reddy on 28-02-1990 and I got married on 04-03-1990. I resigned to my post in April 1990 and completely started my own business as a Builder in the construction field. There were many 'Ups and Downs' in my business. There were many instances when I worried how to get on.

I have two sons, Chi. Vedanth and Arvind Reddy. I lost my father on 22-12-1990. Though my wife was P.G. in M.Sc. she used to stay at home only to take care of my kids. I was fond of my business where as she liked family very much. I got admitted as a part time Engineering in Master's Degree which was two and half years course. As I concentrated only on Business, I could not attend classes regularly. Only I used to think about exams during examinations. Therefore, I never used to attend exam. My attention on business increased since it produces money. As a result, my interest in

studies got decreased. I had the impression that it just adds a degree only to my name, but nothing else and it is of no use more than this. Finally at the end of May 1992, I was conferred Master Degree by the University.

Every incident, described above was utilized by Lord Sri Venkateswara in his divine acts. We used to live in 'Venkatagiri Residency' Apartments, situated in Durgabai Deshmukh Colony, Hyderabad since 1995. As I finally settled to some extent, I disposed our house in our village with a grudge that it has troubled us a lot, and got constructed a new house. I till 1999 lived only with an aim to expand my business and I earn a lot. Now, the divine acts (Leelas) of Swami (The Lord) commenced from October 1999.

## **COMMENCEMENT OF DIVINE ACTS OF LORD VENKATESWARA**

Diabetics attacked me in October 1999 when I was 39 years Old. I got scared and alarmed also. I lost hopes but I, in order to overcome it, learned Yoga and Pranayama. I started daily practicing Yoga and Pranayama for one hour followed by walking for another hour. I started also good life stile. Meanwhile, way of Bhakthi attracted me. I gave up non-vegetarian food. In order to get rid of work load and stress, we decreased the Load of Business. Instead of Apartments, I started construction of small independent houses. In this process only, I commenced the construction of 4 houses in 600 yards of G.V.Reddy Colony, Opposite to Rythu Bazaar at Alwal.

The Divine actions of Lord appeared before me since 2000 April after getting my life regularized.

After regularizing my life by minimizing the business, the direct divine actions of Swami started from April 2000 in my life.

Though the Direct Divine Leelas started from the year 2000, I did not write them due to carelessness. Afterwards, I wrote the Abstract of them in such a way that only I can understood. Finally, I understood that Swami is providing me all for making me to achieve something. I started writing in some separate note books about his Divine acts from 20-07-2002.

## **DARSHAN OF SRI ANJANEYA**

### **1<sup>st</sup> Feeling in April 2000 :**

In those days, I used to view the Hindi serial. i.e., Jai Hanuman serial on TV vary keenly every Saturday. I never missed any episode. It helped me to rise my Devotion and respect.

### **Dream :**

There were two Cattle Sheds near Garden wells of Chinnagundavalli, my native place. The tomb of my father also is there little away from it. I witnessed Lord Hanuman in between these two and in front of Cattle shed. He lifted his Mice up saying "Jai Sri Ram". He was resembling same Hanuman whom I witnessed on T.V. Moreover, sometimes while saying in high pitch 'Jai Sri Ram'. He just flew away. Pressing his legs toward down he while rising slogan 'Jai Sri Ram' started flying. He was also lifting his mice up. There it ends. The word 'Jai Sri Ram' echoed in my mind continuously I was very much delighted and felt glad to have Darshan of Sri Anjaneya I did not give much importance to this dream thinking that it appeared because I am in same feeling as I am viewing Jai Hanuman T.V. Serial. The Time started fleeting. The business was going on as usual.

## **HAVING DARSHAN OF LORD TIRUMALA SRI VENKATESWARA**

I witnessed one more dream in the month of July 2020. In fact, I thought that this dream also is a random one. Even I did not inform to my wife till 15 days. Later, when I found it as a real one. I informed her. Though I have written at after two years of

witnessing. I have narrated it as under, since the feelings of that Dream impressed me so deeply.

**“It is a memorable and never unforgettable incident in my life. I can’t say on account of the result of virtue of which birth, Lord has blessed me in this life. It is such a fortune one cannot get even after spending thousands of lives in penance”.**

I am an ordinary person born in an Agriculture family that resides in a remote village. I am neither aware of any systematic adoration nor Vaidic hymn. Never I offered holy bath and valuable offerings to Lord. But I used to pray him when I was in pains and sufferings. Even my parents Rukkamma and Venkat Reddy were also not at all worth mentioning devotees. Only myself used to pray Lord Venkateswara always and regularly. My parents never told me to worship Lord Sri Venkateswara. Once, when I was in II standard, I visited my grand mother’s house at Appanapally. Then I observed that the sons of my maternal uncle and sons of my mother’s elder sister, who are of my age used to observe fasting of Lord Venkateswara. I was influenced by them and started fasting during nights. My parents did not object for this. Instead, they used to make arrangements for my fasting. Thus, I continued this fasting till I completed my Intermediate. Later, I prayed Lord for a seat in Engineering, but in vain. Even next year also I failed to get it. I got annoyed and lost faith in him. So, I discontinued my fasting. But next year, I got seat in the College of Engineering, Osmania University, but I did not continue the fasting again. However, it is hundred percent true that

‘He is **“somewhere”** in my heart. I used to pray him in my every problem. His Name and Form used to appear to me unknowingly. I have faith that He is everything to me and ‘He’ only brings me out from all (Turmoil’s and Troubles).

Now, I can say firmly that all this is the divine act of Lord Venkateswara. Otherwise how it was possible that from II standard up to 13 years, went on fasting without break? I am sure that it is nothing but ‘His’ mercy or else such things do not happen in our families. I have no second thought to say that **“even crossing his limits”** God was very kind enough blessed me.

I am habituated to have my food after adoration only in the morning daily. It is still going on. I used to pray only Lord Sri Venkateswara whenever I get any kind of problem or pain in my family or in business.

I pray my late father also whose name was Sri Venkat Reddy. Therefore, I used feel that I am the **“pet son”** of Lord Sri Venkateswara.

I was doing construction business in which there are many risks. At that time, I was constructing a Duplex House in Om Sai Colony of Alwal. My business was to buy a plot, construct houses and dispose them. That was a site of 600 yards in which I was constructing 4 houses. Slabs of four houses were completed and brick work commenced. Behind that site, one Brigadier Mr.G.B.Reddy, a retired Military Officer was staying. He was the President of the Colony. He was my friend only, but there was enmity in between him and the Owner of Plot from whom I purchased the plot. One day, Mr.G.B.Reddy came to me and

said that plot owner disposed some government land and you file a case on him for this. As I refused, he got annoyed and was ready to take revenge with me.

Meanwhile, I guessed and what will happen to me in future. I also imagined how it will be. That incident was very favourable to me and to my life. Had I born much earlier, then my present life would have been far better among all births. I am so fortunate.

### **Dream :**

I slept as usual in my home and I got a dream that night. I viewed that an “Invisible Power” took me from my house towards South. I thought in my dream itself that it was taking me towards Tamil Nadu. Finally, it took me to Tirupathi. Meanwhile a strange thing took place. Lord Sri Venkateswara appeared himself before me. (or else that power made me to stand before Lord Sri Venkateswara). All of his parts of body i.e., face, hands, legs and cloths (Pitambaram) etc, were clearly visible. There were conche and disk on both of his shoulders. One hand consoles and gives assurance (Abhayam) another one is near kati waist. There was golden Makara Thoranam (festoon of crocodile) above his head. I stood in front of him. Swami has shown me every part of his body. Even I noticed the lines in his hand very clearly. I stood in front of him. Swamy has shown me every part and parcel of his body. I stood for a long time there only. Finally it thrilled me a lot. I felt that I may get a number of pains and troubles in near future. I continued gazing at him. Not a single word He uttered but I felt my future will be gruesome. My body started trembling with fear. After a while, I noticed some movements in Swami.

Swami, offered his “Abhaya Hastam” (holding up the hand with Palm open to indicate “Have no fear”) to me to shake my hand. Then I got a feeling that “He is assuring me confidently to not to worry. No sooner, I extended my hand to receive his hand, my dream got shattered. I woke up. It was

a real incident that took place in my life. I thanked God wholeheartedly for giving his Darshan at the time of my adoration. I observed full brightness around Swami and he appeared in thick black colour as if he was given “full bath”. It is still in my mind. Even today, I recollect the same and pray daily. It was my unforgettable dream.

I understood its meaning in due course. I, all of a sudden faced a number of unprecedented and unimagined problems in life. For one and half year I totally got frightened anticipating some unknown harm. My total body used to get shaken all the time. Mr. G.B.Reddy, who got annoyed, used to write complaint letters, once in three days that I have constructed houses in Government land illegally against permission and this creates inconvenience to local colony people a lot, so these houses must be demolished. As all officers are his close friends and once they worked under him. They took a decision in his favour and cantonment people had served a notice on me. MRO and cantonment officials visited my place and surveyed it four times. At least 15 times all of them came and checked. Finally they concluded that it is a private land and it belongs to me; But as the construction is not as per permission, they, after serving me notice 256, said that “We will demolish it within 15 days”. I approached an Advocate who filed a Petition on 13<sup>th</sup> day. But that Court did not give us Order. The cantonment people were served 7 days notice. With this, they got prepared to demolish it on 16<sup>th</sup> day i.e., on 18-11-2000. They had pressure even from Delhi and Pune. They decided to demolish the building under any circumstances. Also they wrote a letter to Police for protection. Meanwhile, I got stay from High Court for one week. I did not sleep during these 7 days. Finally, after 7 days my stay in city Court got dismissed. Then their staff started moving towards my buildings to get demolished them with spades, crowbars etc.

In that moment only, another Court gave me stay for 14 days. To get this stay vacated, three-four advocates argued on behalf of them. Intolerable pressure I experienced at that time anticipating some untoward incident. Sri B.G.Reddy used to tell every one not to purchase those houses constructed by me. Thus, I was almost dead in that crucial period. I was spending every moment in prayer. I thought that God provided me with some time to pray. This is his plan only. I believe, the act to adore him was chalked out by himself. I cannot forget this through out my life. Like this, for one and half year i.e., approximately till the end of 2002 March, I was in tension and got scared also. But to my surprise, nothing happened. It is cent percent correct that it so happened because of his mercy only. I retained one house even till now out of 04 houses that I constructed, as a mark of 'Prasadam' given by Lord.

## **TRAINING BY LORD**

The above incident was just appeared out side but with this, 'He' imparted training a lot to me. Though I am interested in business, He increased my passion 100 times. He made me very very sensitive and intolerable. With fear, I used to chant his "name" day and night. No sooner I call him 'O' Lord! Sri Venkatesa, He used to come and sit in my heart. At once, I used to get shocked and feel the existence of Almighty God in my Body. It also used to result into hair rising. Inexplicable feelings used to surround me and feel delighted a lot. The attachment with the earthly pleasures used to decrease and mind used to concentrate only on Lord. The tears used to role on my cheeks and my shirt, till my chest, used to get drenched. I was astonished to think that from where I was getting water (tear) into my eyes. Whenever I just call, wherever He may be, used to come in next moment. To tell you more, If I utter the letter 'PRA' (in the word 1<sup>st</sup> letter Prabhu-Lord), He, before I say 'BHU', used to appear and occupy my mind. By that time itself, the tears used to fall on my cheeks continuously. I used

to get such wonderful experiences 5 to 10 times in a day. He made me the king of the kingdom of Joy or a millionaire of it. Very few people would have had experienced such inexplicable joy in this world alike me. I used to reach the peak of divine feelings and forget my day-to-day affairs. At times I used to become unconscious. Nowhere such delightment in this world is found. So fortunate I am to get it. Like a dumb (Speechless) man, I used to experience it. Like this, for one and half year, Lord Sri Venkateswara absorbed in my every vein.

I just descriebd that Lord Sri Venkateswara appeared in my dream and exhibited every atom belongs to him, but he planted the seed of 'Devotion' in my heart. No incidents took place after the dream for 15 days. Later, the seed slowly got germinated, grown up and spread out through out my body. In spite of my repeated trials to forget the joy of chanting 'HIS' name, I developed both outer and inner outlooks and made it as my regular practice to chant his name through my inner vision. The curiosity and passion to know more about Lord increased in my mind.

## **TOTAL SURRENDER**

Once the officials were ready to demolish my houses . Then I had no sufficient power to prevent them. After trial in my attempts, I exhausted and finally returned back to my office and started praying. At that time, I felt that except Lord Sri Venkateswara, no one helps me. Immediately, with a lot of anxiety, tears rolled down on my cheeks. My total body got shaken and started shouting like an insane person. "Prabhoo! Sri Venkateswara!" I couldn't control myself. Both fear and joy attacked me at a time. I totally forgot the outside world. At that time, nothing was visible except Sri Venkateswara. Totally, I spent almost one and half hour in this situation. Finally I started screaming – "O my Lord! I belong to you, please accept me". Crying loudly, I shouted" O Lord! Myself, my wealth and my kith and kin – belong to you only. Please accept us all. At the end, I, with my entire family mentally became like a 'feather'

and flew away from my office, fell in the 'Hundi' of Lord Sri Venkateswara at Tirumala.

“O God! What ever falls in your Hundi, it becomes yours only. Now I belong to you. I am your property. you have full right on me. I along with my family, wealth, land etc, belong to you. Nothing is mine. I don't have anything.” Like this, I shouted, filled with joy. I experienced as if I am wondering in Heaven. I, with folded hands, and very emotionally prayed him to make me as **an instrument to him to perform any useful work to this world. Also I said – “O God!” I am an ignorant person. No knowledge, no reasoning power. I have no Guide and no guru nor any elder person to lead me.** I am not aware of good behaviour and I don't now how to talk nicely. To me you are only everything. So, kindly make me to think always about you. Every idea of me must be yours only. I act as per that idea only. It should not be wrong. I pray it must be either for the prosperity of world or it must be your decision. Never I enjoyed in this way. This is the peak of joy and ten times greater than joy which I get with joyful tears. It will be possible only when God decides. So far, I got such joy only three times in my life till date. In those three, this only stands first. Today, I enjoyed this situation for one and half hour. I Then surrendered totally and praised him from the bottom of my heart, without my knowledge. Later, I lost my entire personality, the feeling that I belong to Sri Venkateswara got planted very strongly in my mind. One way I can say that my life as Sai Reddy got finished and I stepped into a new life as a servant of Lord Sri Venkateswara (with the name of Govinda Dass)

One more thing I want to tell you here that I said to God that I have offered everything that belongs to me including family to you. In other words, I have dedicated all of my rights i.e., rights on all properties, vehicles, cash, family members, other members to Lord. I made myself total empty by offering everything to Lord and reached to that stage where I feel nothing is mine and I am all alone.

This was my first step towards Lord. Later, my every step in life, knowingly or unknowingly moved towards Lord Sri Venkateswara only.

It was a great memorable day for me and the joy was unforgettable. I wish to get it again. The next day I went to office and I surrendered totally. I started prayer with great enthusiasm and love. But, I couldn't get the joy what I got Yesterday. Finally, at that time when I was offering my heart to Lord, I checked it. Then I observed a strange thing that my heart was totally empty. Then I understood that as I offered it to Lord Yesterday only now there is total vacuum. I concluded my Prayer. Never I tried again like that in my life.

## **FEELINGS FORM LORD**

After this dream, once I thought – “Never I expressed my love to Sri Venkateswara, then how he smelled my feelings that I like Sri Venkateswara ? . For this one more divine act (Leela) was shown by him :-

## **LEELA (DIVINE ACT)**

In this Leela, He has shown me how the feelings appear in our mind. Firstly they start from Lord, reach us and after getting reflected, they again go back to Lord. It is just like the rays, starting from Sun, fall on a mirror and get reflected. Similarly every thought, every idea comes to us from God only. Later, Lord knows immediately also how we take it or accept it and apply in our life. Showing the Leela of this kind, he commenced to impart training from this stage.

## **MY CONDITION**

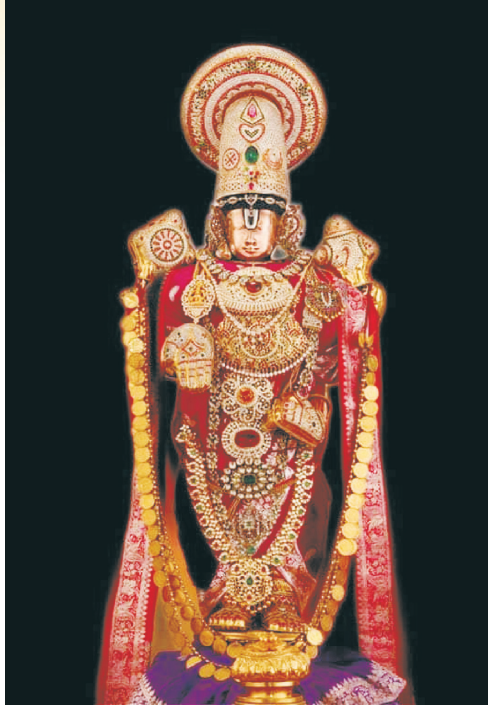

Now 'He' made me to look at him only and chant his name only. I started living with the feeling that I after total surrender, become his property. I treated my self as the servant to Lord Sri Venkateswara. It helped me to think that every feeling belongs to him, he knows every feeling totally and go ahead in a right path (Sanmarg) especially in this divine act, He made me to have total faith in

him and on his word. My relation with Lord become cordial and very close. He only created such a situation that I cannot live without him or without taking his name. Thus we became inseparable.

As I offered everything of mine i.e., my family and property to him, 'He' got every right on us. We totally became 'Lord's property' and it worked as a root of "Service-Tree" that Lord blessed us. Lord Sri Venkateswara ordered that "establish 'Hari Nama Kshetra' in the same place where I observed '**Hanumaan**' flew away saying '**Jai Sri Ram**' in my first dream. It appears as if a "**Servant**" visited and inspected that place before the visit of His "**Master**".

### **THE SECRET IN THE DIVINE ACTS (LEELAS) OF LORD**

Now I am going to reveal the Secret in Swami's divine acts. Originally, I am very bold and fearless I like challenges. I used to enjoy after facing problems but I used to worry when I get trapped in the problems created by Lord Sri Venkateswara and my boldness and bravery get shaken. In other words, I couldn't bear those 'tests'. Alike a fish, that struggles a lot after taking at it from water. I during the struggle, used to pray 'Him' a lot. I used to think always that 'How my prayer satisfies him? What he expects from us? How I have to behave etc. I used to vow him in many ways. He

used to make me to swear unknowingly to me. Thus, a new seed used to get cropped in my kind. Thus, this divine act gets continued till a seed is planted unknowingly in me according to the change or need what 'He' expects from me. Later giving a few days gap (rest). He used to let this seed to grow when it is needed. After showing some more Leelas to me, He used to change them according to his will and pleasure. Sometimes with sad or tragic incidents and some times with joyful or delightful incidents. He used to

create and made me to act accordingly. This training used to get prolonged until 'He' achieves what 'He' planned.

### **BLESSINGS OF DEVOTEES (BHAGAVATAAS)**

As ordered by Lord Tirumala Sri Venkateswara and just only for getting blessed by you all, we are publishing these Divine Acts to make you all partners at least in the form of blessings in his Will (Sankalpa). So, I earnestly request every Devotee Reader of these divine acts (Leelas) to chant the name of Lord "**Sri Venkateswara**" with no barriers of Age, Gender, Colour and Caste and Creed and bless me so that my aim is fulfilled.
