**PART 4**

The serial of Divine actions of Tirumala Sri Venkateswara in order to Establish his HARINAMA KSHETRA in Telangana as another TIRUPATHI.

**Pullagurla Sai Reddy (Govinda Dasu)**

**Direction:** Lord Sri Venkateswara of Tirumala decided to establish his “Harinama Kshetra” at our Gardenwell in my native place (own village) Chinnagundavelli, 07 KMs away from Siddipet. He ordered to construct at least two compound walls (Silver Gateway) as a replica of Tirumala Temple. He said that He will make this place as his permanent abode, stay here and bless the devotees. Also ‘He’ indicated to arrange for continuous chanting of Harinama by various Devotee groups in shift system. He suggested me to be blessed with Bhagavataas (who surrendered themselves to God) along with strenuous (Rigorous) practice in order to get eligibility for inviting him from TIRUMALA. Starting imparting training through dreams since 2000, He made me to know the fact in the year 2022. Swami also asked me to share my divine feelings blessed by him only in order to make Devotees as Partners in this unique programme. The publishing of Part-4 at present is a part of it.

**VISITING THE TEMPLES NOT VISITED EARLIER**

**Earlier Phase:** In my dream, I visited the temples which were not visited by me earlier. I did not know what are those temples and what are the Deities (Gods) in those temples. I felt that every God in every temple questioned me to find out who is He? The very next moment after that dream, this deity attracted me more and more. I viewed it very clearly standing nearer to it but I failed to find out who He/She is. I asked many persons about this God for almost 15 months. I searched all the Models of temples I visited but in vain. At last, I got it confirmed on 21.06.2002 that this temple belongs to Sri Maha Lakshmi of Kolhapur and I have seen her only. The details of that Divine Action are as under:

**20.03.2001: The Divine Action:** I went to bed this night also as usual. I got a dream. I was just walking on a road and there were Arches in the form of round shaped rocks on either side of Road resembling temples and they were in below form side by side on a high Veranda. There I found an old watchman lying down. The temples are ancient and got faded. All are with Arches. I, while observing these new temples on either side of Road, went till the dead end of road. Lastly, I came back again and reached to first Arche. Now it looked as an Arche of a new variety. This is arranged on a 2 feet high square on a bank and in nearly 12 feet high square type wall this Arche is arranged as a gateway. I wished to observe it keenly,

Then I climbed the quadrilateral bank (Gattu) and peeped into it thro' gateway in a particular angle. I also observed many small arches of new variety again when I looked in side. I observed them very nicely. Later, I looked at a God in black complexion with a Conch and Disc (Sankha & Chakra) from a long distance. Though He was very far, I felt as if I witnessed him very close means as I stood in sanctum sanctorum. To me that image appeared with a special shape. There is a beautiful (frame) behind the statue is stated arranged on 4 feet diameter in the shape of petal of Lotus. The hood of cobra arranged on statue was also in this beautiful frame behind God (Chakkinalu). This idol appeared very beautiful. Besides Shankha-chakra (Conch and Disc) in both the hands and the Mice and bowel were in other two hands. It appeared as if the idol was given holy bath just now. It was in thick black colour. Never I saw temples of this type till now. I did not compare the temple and God with any other temple and God. I, in this entire dream, witnessed only the entire Arches and the idol existed in sanctum sanctorum.

I did not see either the outward appearance of temple or Sacred Pillar (Dhwaj Stambh). Finally, I

understood that this temple belongs to Non-Telugu tradition. It was Just a dream.

This idol mesmerized me and impressed me a lot. I tried a lot to find out whose that idol was (Murthy) and what temple it was. I enquired to find out the details with some spiritual personalities for 15 years continuously. I also started to observe that type of temples especially. Someone said it might be temple of Goddess situated on the sea shore of VISAKHAPATNAM. Someone said this type of temples are in Bengal.

Finally, I visited the temple of Kolhapur Sri Mahalakshmi on 21.06.2002. When I looked at it, it appeared exactly as I witnessed in my dream. Both Arches and Black colored idol of Goddess were appeared exactly as I saw in my dream. Even the back frame behind Goddess was very much similar to it. I overwhelmed with Joy with a feeling that I have seen Goddess Sri Mahalakshmi only.

**31.03.2001:** A real wonderful incident took place today. It appeared as if it increases the faith in divine actions of Lord Sri Venkateshewara. I started

construction of two houses in the plot adjacent to Cantonment boundary in plot no. 50 of G.V. Reddy Colony. The Footing work was completed. Then the cantonment officials came to my Site and started removing footings and basement with the help of crane. Immediately after receiving this information thro' our Supervisor, I started from my Residence to Alwal by Car with a lot of excitement. I did not stop praying God in my Journey. I proceeded to Nartaki Talkies 'X' road which was one kilometer away from my site. I was totally upset. Then I have noticed a chariot of S.V. which was very beautifully coloured. It was made of wood and the height was 15 feet approximately. Lord Venkateshwara's wooden statue '4 to 5' height was kept in that chariot. The procession arranged by some Devasthanam (Temple) was going on. Only Lord was in it. Nobody was there to run it. I felt as if God is there just waiting for me. The moment I saw 'Him' my excitement gone down. Then I heard all of a sudden an inner voice – "Wait, Don't be hasty. Let them do whatever they want. You will be get benefitted only. Those who are not allowing you to work with Anger, Later they only allow you with double tolerance. They only say that they have no objection". Afterwards, I went away slowly and calmly. Meanwhile, they too have gone after completing work. After 5-6 months, I started my works with a new permission No. 111. Immediately a group of high level officials of cantonment visited my site and told me to "construct as I wish".

Later, I started searching from where that chariot came and to whom it belongs. I enquired in all temples personally, But everyone said they don't have such chariot and never they arranged any procession. Finally I, after two years, understood that all this is a divine act of S.V. and a special divine act that was visible only to me but not to others. Also I had a strong feeling that the vision of Lord S.V. was not accidental but it will take place undoubtedly in the days to come.

### **DEPICTION THE SERVICE OF LORD AS GAME:**

I am residing in Durgabai Deshmukh Colony at Hyderabad but the construction work was going on

in Alwal. Visiting working place and returning back takes place only from Tirumalagiri. There is a temple of Sri Hanuman on Tirumalagiri main Road. I had a strong faith by that time itself that every statue of God or Goddess is another form of Lord Venkateswara only and I made it a habit to bow to Lord Venkateswara's part only in those all Images. In an effort to come out of problems cropped up in construction matter at Alwal in the year 2000, I with a feeling that both Hanuman and Lord Siva are none other than another forms of Lord S.V. since that temple was within my reach. I used to pray daily and with a request from the bottom of my heart to solve my problems. At that time, my heart used to get filled up with Devotion and tears used to roll on my cheeks during prayers.

**19<sup>th</sup> April 2001: A Dream:** I witnessed an awesome dream today. I saw a temple of Hanuman by the side of road in Tirumalagiri in Hyderabad. There I found one Aged Monkey with two Baby Monkeys. They are well dressed in white garments. They are hopping on compound wall and playing joyfully with each others. On seeing me going towards Alwal by road, they called me to come to play there with them; but I was just observing their joy.

It was a dream which I could not understand. These monkeys are very skilled. Dressed nicely and appeared as monkeys of Circus but I did not understand why they are inviting me to play with them.

The Service of Lord took place in my life as a game. I guessed that it might be a divine act as a symbolic expression.

**Back Ground:** Lord Sri Venkateswara became very close time especially in solving problems and issues pertaining to business etc., in which I am interested. I, now reached a stage where I couldn't stay away from 'Him' or couldn't keep quite without chanting His name. I have become a staunch devotee of Lord Sree Venkateshwara. I, now cannot keep quite if anyone do harm or insult him or degrade him. A Similar incident took place once in my life.

In my village, all follow the tradition of Lord Siva, except one Ramanayya Pantulu's family who were Chattada Srivaishnavas. I used to visit my native place though I reside in Hyderabad during festivals or in some other occasions. Once I visited my native place.

### **INDICATION THAT BOTH SRI VENKATESWARA AND LORD SIVA ARE ONE AND INSEPARABLE**

It was a wonderful and unforgettable day also. I developed more and more fascination (deep love) towards Sri Venkateswara. I had a strong belief that Lord S.V. will come at rescue if anyone worships him when he is in problems and also He fulfills the desires. Once I visited my native place Chinna Gundavelli. I went to the shop of my friend Sri Sekhar and started chitchating. Meanwhile 4-5 persons of same village came to us and one of them opened his heart and told that he is in severe problems since two years and every work and any work he attempts gets failed. Then, I spontaneously said to him to pray Lord Sree Venkateswara for success. Then Sekhar (devotee of Lord Siva) said – “what? Adoring Venkateswara, not Lord Siva? Is Venkateswara greater than Siva? Don't say like that. It is the choice of individual. Anybody may worship any God”. Like this He degraded Sree Venkateswara. Also, He little harshly said – “You worship him if you like him but don't advise others”. I felt bad. I got a doubt who is great among both of them, Lord Shiva or Sri S.V. And whom we have to adore?

I really got very much hurt as if someone wounded me with a crowbar in my chest. I prayed seriously Lord to answer my doubt. I got a dream after suffering a lot for 15 days. With this, my doubt got cleared. I got relief from agony.

**22.11.2001: Dream:** I witnessed a Sivalinga (The Phallus worshiped as the emblem of Siva, the God of Destruction) in medium size and in natural Granite stone colour.

It was hanging in the balance without touching the ground. Also it was of my shoulder level height and three feet away from me. It was very clear. It was neither black nor white, but it was in natural granite colour with

dots. It was shining as if it was well washed. After looking at it clearly (Shiva Linga) my dream was disturbed all of a sudden. At that time, I had a feeling that it was informing me that “I only Lord Shiva, you adore me”. From that moment, I realized that Sri Venkateswara is none other than Shiva. Since then, whenever I visit any Shiva temple, used to chant OM. Namo Shiva Rupaaya Sri Venkateswaraya Namo Namaha”, and enjoy a lot. The tears used to role down on my cheeks. That day onwards, I felt that Shiva is the second form of my Master My Lord Sree Venkateswara.

I developed very good relation with Sree Venkateswara. I used to tell every feeling of mine to him. He used to reply me accordingly. For instance, It was the same relation of those two students who visit a city like Hyderabad, from a remote place for study purpose and stay in a 10'X10' feet size room for one year with self-cooking system and maintain close friendship. Similarly, I too felt that we too have same close relationship with each other.

### **\* PANCHSANKAAR (SAMAASRAYANAM) BY SWAMI (LORD)**

**Backdrop:** I had a strong desire to have a Darshan of Swami daily. Especially I wish to see the Lotus feet of Swami. I prayed Lord to fulfill my desire in many ways. That's all. One day a wonder took place. I slept totally covered myself with a blanket totally during night. It was as an unforgettable day in my life. An incident that makes my life Pious and worthy.

**02.12.2001 FEELING:** It was not a dream but a real feeling. I, covering myself completely, started chanting the name of God. Meanwhile, I felt that a devil in very thick black color entered my room.

\* [Panchsankaar = It is an important purificatory ceremony in Sri Vaishnav Cult. A qualified Acharya performs systematically with Five types of Sanskaras (sacraments) i.e. Taapa, Pundra, Nama, Yaaga (Aradhana) and Mantra]

Next moment, I felt that Swami kept his two feet on my chest which were heavy also. Slowly the edge of his Golden Yellow cloth appeared brightly. I got startled. Immediately Swami removed his feet. Again I felt that his blackish legs were by the side of my cot. I saw this scene very clearly. I got up quickly and looked at my right side. Nothing I found there. All this is the divine act of God. I thought that it was his kindness to fulfill my desire. One way Sree Venkateswara. by himself performed the Sanskar (sacrament) of Samasrayanam. Then I prayed him whole heartedly and thanked him.

This incident brought a lot of change in me. I understood that Sree Venkateswara is the origin of this creation and He submerged all Gods in himself and if we chant his name only, then it is equalent to chanting the names of all Gods. In other words, Swami is the another form of all Gods. At that time whomever I see, I used to think that He or She is none other than Lord Sree Venkateswara. Every God, I, felt that He was with Tirunamam. (Mark on forehead) I opined that Swami himself is in different forms in entire creation. Such a strong feeling formed in me.

## VISIT TO TEMPLE OF SRI PASUPATHINATH

**January – 2002** One more dream I got today. In that dream, I saw a place where I found an open place with trees. There was an Ancient temple to its right side. There was a semi-circle with gigantic round pillars. There was a sunshade in first floor and all the walls and pillars are coloured in red colour from down to 3½ feet. Above it there were both white colour and color of blue bird.

I was viewing the building with a lot of interest. “This is the temple of Pasupathinath”. Someone said from backside. We approximately 30 to 40 persons were witnessing from open green field. There was a Building far from us which belong to king of Nepal. It was his residence. I desired to have a darshan of Sri Pasupathinath in that dream. Then all of a sudden I woke up. My dream got disturbed.

Thus, I saw another temple of Lord Sri Pasupathinath, a glorious God whom I never saw earlier. [I surprised to notice that later in May 2000 when we visited Nepal, these signs appeared same as I witnessed in my dream]

## INTRODUCTION OF LATE VADREVVU GOWRRAJU GARU

I wished to know more information about Sree Venkateswara. but I found no one to tell me about him. I used to pay a visit to Sivam Road in Hyderabad frequently. Once, I saw a Board near an office, “Sree Venkateswara Bhakti Pracharam” near Tilaknagar ‘X’ road. I stepped into that office out of curiosity. There I

found one Mr. Pandu Ranga Rao native of Sidhipet. I managed him easily to meet the proprietor of that organization who was aged about 70 years (unfortunately He is no more today) infact, He belongs to Kovvuru, near Rajamundry, came recently to Hyderabad. He, since 20 years, spreading the glory of Sree Venkateswara earning his livelihood also After knowing the problems of Devotees who visit him, He gives them a powerful Iswarya (wealth) Mantra. He also used to makes them to write it. He, while arranging adorations, also used to give discourses.

It was only his livelihood. As I was a staunch devotee of Sree Venkateswara. I used to attend his Discourses and Adorations. Finally I developed close intimacy with him.

He, while reciting Vishnu Sahastra Nama stotra in every adoration, used to read 'ISWARYA Mantra' (3)-(3) times in between every stanza. He also used to pass Tulasi, Patri and Flowers from one devotee to another one and finally offered to Lord.

Earlier to this, I did not listen Sri Vishnu Sahasra nama stotra so keenly. So, now, I used to enjoy when Lord Vishnu was described with various narrations and glories, But somehow, I did not like to chant "Iswarya Maha Mantra" in the middle. Rather, I felt that better to chant **\*Ashtakshari Mantra.**

He used to tell that this mantra is very affective and powerful since there are 08 "SRI"s in this and one who chants will be blessed with (08) types of wealth. The entire discourse used to circulate around this Manthra. Thinking that Lord takes care of his devotees

---

\*[Ashtaakshari Mantra: (OM NAMO NARAYANAAYA) unique and matchless Mahamantra of Sri Vaishnavaas which contains '08' Letters]

The Iswarya Mahamantra what He chants  
 "OM **Sri** Vatsa Vakshasam **Sri** Sam **Sri** Lolam  
**Sri**kara Graham  
**Sri**mantam **Sri**nidhim **Sri**dyam  
**Sri**nivasam Bhajenisham"

when they are in turmoils & troubles. He used to recite this mantra only again and again. Even during Japa also the same mantra. The Devotees were asked to write it along with Sri Venkatesaaya Namaha.

'He' is running this Peetham since 20 years. Taking the groups of devotees to Tirupathi, making them planting trees and also the bundles of Japa books were kept in underground and then He closes it after performing Japas & Homas.

I liked everything of Sri Gavarraju except adoration of Sree Venkateswara. Only for wealth or for earthly pleasures. I was with a feeling to worship Lord only to achieve him or only to get his blessings, that's all. Finally I am able to follow the Tatwa (Reality) of Lord by listening and above all meditating Lord all the time with concentration.

Unfortunately, my Alwal issue was not yet settled. Once I shared my problems with him who in turn suggested me to visit Sree Venkateswara Temple Chikkadpally and worship him. Also He told me that all problems will be solved if you perform it. As He said, I visited temple at 6.00 AM on 17.02.2002 prayed and performed Puja. I cried a lot saying that to me no one is there except him. I had a dream that night.

**18.02.2002: Dream:** I was just entering the temple of Lord Sree Venkateswara. situated in Chikkadpally. It means one leg was outside and the other one was in side. Suddenly I found a six feet height person in black complexion in the temple, 20 feet away from me. He was in white Lungie and Kakee (colour of RTC staff dress) coloured shirt with a white kerchief around his neck looking at me He said – "Those two and this person are not ordinary persons. They are alike Sree Venkateswara". It means there were two persons more behind me (No idea whether they are coming or going). I witnessed the sacred pillar, (Dhwaja Stambham), Threshold (Gadapa), main door and the Temple premises very clearly in my dream.

Probably the meaning of this is I am going into the control of Sree Venkateswara.

## SUFFERING SEPARATION WITH SWAMI

**Background:** I had no idea how I was struggling day by day. The desire to see Swami was increasing day by day in me I did not know how I can express this desire before him. This pitiable condition was resembling the same condition of those Young Lovers who cannot survive without their partners. They remember their lovers every minute when both are separated and feel very much anxiety to see others.

I was very much anxious or eager to see PARAMSHIVA' who was none other than my God. No sleep during nights and every minute 'He' only was appearing before my eyes. Unable to bear his absence, I was crying any like. Many days passed away in this situation. One day after similar experience I had a dream.

**16.03.2002:** I, in this dream, found Lord Shiva in deep meditation and also viewed my Lord in the form of an idol in a temple. Only then, I become normal and calm. This condition continued for many days. I became mad and got very much attracted towards Swami and reached a stage where I used to feel that it is waste to live without him.

**22.03.2002:** I have viewed a wonderful dream today in my sleep. My desire to witness Swami became more strong. Every minute I used to struggle to have a glimpse of that Super Soul a lot, but I had a feeling as if I saw my Lord. I stood in front of Lord at stared at him. Later, I got dream that my Mother is in her (Smt. Rukkamma) last stage. She fell unconscious with no speech and was waiting for me.

I got up early and prayed Swamy to take care of my mother properly. "Swamy! I lost my Father long back and only my mother is with me. She is not well. Kindly don't separate us please". As my Mother used to stay with my Sister, I decided to visit her at 7.00 pm and involved myself in daily other activities as usual. Finally, I went to my sister's home and saw a scene which shocked me a lot.

My Mother had some burning in her head since my father expired. She was taking some medicine for it

since 10 years. When the burning or pain was intolerable, she approached a Doctor who gave her a kind of sleeping tablet, but my Mother, in order to get rid of it, took 12-13 tablets at a time secretly. Then it so happened that she fell unconscious in bath Room after 20-30 mts.

On seeing this, my Sister brought her out with the help of some known persons. They were not aware that she consumed so many tablets. They got excited. The B.P. of her totally gone down. Finally, as advised by somebody, she was given Porridge, Cunjee (Gruel) forcibly. After few hours i.e. in between 4-5 pm she became normal and told coolly that she consumed the tablets so many at a time.

By that time, when I reached, she was in pitiable condition i.e. neither speaking properly nor in full consciousness. Her mouth got twisted. Both Legs and Hands became Stiff and Motionless. Her posture what I observed was very much similar to Sree Venkateswara, whom I witnessed in my dream. I felt as if she was waiting for me and thinking that her 'END' approached. I after understanding the situation, prayed Lord and made her to eat one banana and to drink coconut water. Finally, she opened her eyes in the wee hours. She completely recovered by next day. I thanked Lord whole heartedly for this. My faith became more strong on Lord and also on his divine actions.

I checked and also observed the divine actions of Lord once gain after this incident. I compared both the systems what I have seen in dream with what occurs in real life. I was told by God last night in dream that my Mother is not well, but I could not go in the morning. So I went in evening. At that time, the situation was same what I saw in dream.

Her illness started in midday i.e. 12 pm. I thought that Had I come in the morning, the situation would have been in different way. "I started thinking – why I failed to come? Is other work important to me than my mother? Why I forgot to attend her? Finally, I came to one decision that what all shown by God to me in my dream will become true.

Lord Sree Venkateswara directed us to spend a very simple life. Thus a feeling appeared in me to live in society very simply and lead a lonely life from the beginning, recently which developed a lot. I used to enjoy in the conversion with devotees of Lord. My interest in earthly pleasures and in mundane matters gone down and I decided to live only to satisfy my Lord Sree Venkateswara.

Oflately, my wife Mrs. Surekha purchased a Diamond Ring out of her interest but she did not wear it for more than 3-4 days.

**26.04.2002:** We had been to Darjeeling for a Jolly trip. From there we planned to visit Nepal. We were in Darjeeling for Just 04 days only and I dreamt twice during my stay for four days.

**The Dream:** I saw one Sriman Ramanujachari garu, a Priest of Hanuman Temple, Hyderabad whom I know very well. He was sitting in a room in my house at Chinnagundavelli. He said that He asked me to worship in Hanuman Temple of my village and living in my home all alone. He was sitting in a chair with a sacred mark (Tirunaamam) on his forehead in my house. I guessed that my village friend Mr. Sekhar was also sitting by his side. Meanwhile they brought a Statue of Shirdi Sai with white long hair, gave it to Sekhar and asked him to hand over the same to Sai Reddy. This was the dream. I failed to understand the meaning of it and helpless to live without seeing Lord Sree Venkateswara. Also it was witnessed by me during my stay in Darjeeling.

**28.04.2002. The Dream:** I and some persons of my village all visited together the temple of Lord Sree Venkateswara we passed thro' a big hall. By that time when I approached the 'Que', the time was up. The doors were closed, I found the picture of Lord Krishna, preaching Gita on the door (That door was resembling the door of an office door). I was told that doors will be opened after some time. I thought I cannot go out without having Darshan of Sree Venkateswara. I sat in a corner and I started a screaming that. "O Lord Sree

Venkateswara! bless me with your Darshan". The people of my village were standing beside me. It was a dream. It means a close relation developed with Lord and I cannot live without him. He at that time indicated me that I had a desire to be blessed by Lord along with my friends.

We left for Nepal after completing our Jolly stay in Darjeeling. We boarded the Bus at Darjeeling in night so that we will reach Nepal in the morning time. We had a sound sleep in the bus. We woke up in wee hours. There Swami has shown a miracle to me. After waking up I viewed a number of gigantic mountains one side and very deep valleys on the other side. The road was very very narrow with many zig-zags and turnings. It was dreadful also. No one can say what will happen the next moment. Suppose if we fall, not a single bone will be traced out. My wife, on seeing this got very much scared and terrified a lot. We were more panic, since all of our family members are in bus. She started praying God immediately. She promised that she will offer her dearest Diamond Ring to him which she liked very much. We became normal after some time and arrived Nepal safely. Thus, Swami pulled his diamond ring from her.

We stayed for three days in Nepal and had darshan of Sri Pasupathi Nath 4 times approximately. There is some co-relation in between the dream and that temple. Some round pillars and a building in crescent Moon shape nearer the gateway; but it appeared as it was not matching totally. A very attractive Green Lawn was there outside on the other side of Road. Ofcourse, it also belongs to temple. It was resembling alike my dream. We were told that the priests do stay in this residence. We, with a lot of devotion had a darshan of Sri Pasupathinath. The priest blessed us saying that "MOKSHA PRAPTHI RASTU" (May Lord bless you with salvation). Even when I had darshan of Sri Pasupathinath, there also my Lord only in my mind. I just prayed **OM NAMO SIVA ROOPAAYA SRI VENKAESWARAYA NAMO NAMAHA. I** had a strong notion that Sree Venkateswara is none other than Siva.

## PRAYING LORD KEEPING MY HEAD ON HIS LOTUS FEET

A wish appeared up in my mind to pray Lord from the bottom of my heart keeping my head on his feet since few days. It was increasing day by day but I don't know how it will be fulfilled. I started praying him to fulfill my desire.

Therefore, we visited Khatmandoo to have a darshan of Sri Buddha Neelkanth (sleeping vishnu) in early hours. It is 30 km away from Khatmandoo. There Lord Vishna was lying down on a big serpent in the water. I really delighted to see that scenery. I, after washing the lotus feet of Lord with water and Gulal kept my head on them and prayed to my utmost satisfaction. Earlier, I begged him to provide me a chance to keep my head in his feet and pray. Now I thought that He blessed me with the same. At that moment, anybody get shocked and prayed him from the bottom of the heart. I believed that every divine act that He shows, happens really.

**My Direction:** After getting a strong faith that every act of Lord definitely occurs, it so happened that our relation became inseparable. I also felt that Lord is omnipresent and 'HE' is everywhere in this creation. I trusted that whoever and whatever He or She achieves something in this glob, the Invisible power only exists behind that achievement. I used to experience that Lord pleases a lot whenever I chant his name with total dedication and devotion.

### Blessings of Bhaagavataas:

Therefore, I request all devotees, who read this Divine Actions irrespective of their Cast, Colour Creed, Age and Sex to chant the name of Lord and get their wishes fulfilled and also to bless me.
